ADMINISTRATION AND PLANNING DIVISION  
MEMORANDUM**

**TO:** Bruce K. Walden, Chief Administrative Officer  
**FROM:** Bob Grewe, Manager, Grants Management Division  
**DATE:** August 7, 2001  
**RE:** Amendments #1 and #2 to an agreement with the Illinois Center for Citizen Involvement regarding the construction of homes in the Eads at Lincoln Subdivision

---

Brief Description of the Issue(s)

At its August 13 meeting, the Committee of the Whole will consider the issue of amending an Urbana HOME Consortium Community Housing Development Organization Agreement with the Illinois Center for Citizen Involvement (ICfCI) for the completion of the Eads at Lincoln Subdivision.

Identification of the Issue(s) and Any Approvals Required

The principal issue is whether the city should approve the amended agreement with ICfCI for the completion and build-out of the Eads at Lincoln Subdivision.

Background/Facts

In November 2000, City Council approved an agreement with ICfCI to construct six single-family homes within the Eads Subdivision. Also at that time, properties were donated to ICfCI for use in their HomeBuild3 Program and to the Urbana School District for use in their Construction Trades Program. To date, all three homes are near completion through the HomeBuild Program; one family has been qualified for the Eads Program and is ready to start construction; and the School District has building permits issued and is ready to start construction.

Since the Eads Subdivision was first constructed approximately ten years ago, the majority of site preparation and infrastructure has been developed. These costs are less than the estimated amount of \$35,904. The first proposed change to the agreement would be to allow other miscellaneous developer's fees such as marketing and legal fees to be paid from this fund. The only eligible expenses would be those shown on ICfCI's Eads at Lincoln Proposal dated January 6, 2000 (please see attached). Since construction is about ready to begin on the Eads homes, the second part of the amended agreement would extend the completion date to June 30, 2002.

The agreement originally designated six homes to be constructed by ICfCI to complete the Eads Subdivision. The 1100 block of Harvey Street was re-platted to accommodate a sanitary district easement. This eliminated one parcel from the subdivision and dropped ICfCI's requirement to five homes. Of the five available parcels, the Urbana School District will take one of these for their construction trades program as a result of an agreement between ICfCI and District 116. Of the eleven available parcels within the subdivision, ten will be built upon. ICfCI will have

constructed three through the HomeBuild Program and five through the Eads Program, while the school district will construct two. In the existing agreement, there are downpayment grants available for families within certain income ranges and a set number of families within each income range. ICfCI has had problems finding families to qualify in certain income ranges. The final amendment would eliminate the set number of families per income range. All of the families would have incomes less than 80 percent of the area median income. The grant amount received by a family within an income range would remain the same. If all five families have incomes below 70 percent of the area median income, then each family would receive \$14,000 in grant assistance and all \$70,000 would be expended. If all five families have incomes below 80 percent, then each would receive a \$10,500 grant. This scenario would expend \$52,500 of the \$70,000. Any downpayment monies not expended in this program could be used to pay other expenses in this project or carried over to another CHDO project.

#### Fiscal Impact

There would be no effect on the City's General Fund as these monies were previously budgeted and approved in the FY1999-2000 and FY2000-2001 HOME Program budgets. Construction of homes within the Eads at Lincoln Subdivision would result in increased property tax collection (the properties are currently untaxed) and could have a positive effect on values of surrounding properties. The City would have no liability in connection with the construction of the homes.

#### Recommendation

At their June 26 and July 24 meetings, the Urbana Community Development Commission recommended the amended agreement to City Council for approval. Community Development staff also recommend approval of the agreement.
