

ENVIRONMENTAL MANAGEMENT DIVISION

MEMORANDUM

**TO:** Bruce Walden, Chief Administrative Officer  
**FROM:** Bill Gray, Public Works Director  
Rod Fletcher, Environmental Manager  
**DATE:** February 5, 2003  
**RE:** Budget Amendment – Landfill/Saline Remediation

**Action Requested**

Approval of the attached Ordinance amending the annual budget.

**Background**

Following a letter from the Illinois EPA noting certain violations of the Urbana landfill along the Butzow drainage ditch and also along the Saline drainage ditch, the City has undertaken containment responses and site investigations. Results of this work have been shared with Illinois EPA officials at a recent meeting, and the City stated its commitment to develop long-term solutions as required by IEPA.

No monies were budgeted for this situation. A budget amendment totaling \$150,000 is now being requested to pay for \$20,000 in expenses incurred to date, and the balance to fund further work this fiscal year. This amendment will provide for additional sampling/analysis, containment supplies, mapping services, land-clearing work, and professional hydrogeologic/engineering services. This amendment does not provide for an environmental consultant that the City intends to hire later this spring to develop an appropriate long-term solution. Additional funding and a budget amendment ordinance will be sought for that and subsequent work at a later date.

**Financial Impact**

General reserve is funding this request.

**Recommendations**

It is recommended the attached ordinance be adopted.
