RE: Local Agency Agreement for Federal Participation
Windsor Road Improvements – Boulder Drive to High Cross Road

INTRODUCTION

Windsor Road is suggested for upgrade from Boulder Drive to High Cross Road (IL. Rte. 130).

Proposed Improvements

The proposed improvements consist of reconstructing Windsor Road from two to four lanes with raised median, hot-mix asphalt widening and resurfacing, concrete curbs and gutters, storm sewers, roadway lighting, pavement markings and other miscellaneous improvements. A new traffic signal will be installed at the Myra Ridge Drive and Windsor Road intersection. The project also includes the reconstruction of the multi-use path from Myra Ridge Drive to Stone Creek Boulevard on the north side of the road. A new multi-use path will be constructed on the north side of the road from Boulder Drive to Myra Ridge Drive and from Stone Creek Boulevard to High Cross Road; thereby, providing a continuous multi-use path along the entire north side of the project. Additionally, a new sidewalk will be installed on the south side of the road from Myra Ridge Drive to Susan Stone Drive adjacent to the existing residential lots.

Project Purpose

The purpose of the project is to control access and provide increased capacity to safely accommodate existing and planned development in accordance with the Champaign-Urbana Urbanized Area Transportation Study "C-U in 2030" plan. An improved transportation system is necessary to support current and future economic growth and development in southeast Urbana. Several new businesses such as Meijer, Monical's Pizza, Busey Bank, Subway, Milo's Restaurant and two health clinics, Carle Clinic and Christie Clinic, have recently opened adjacent to Windsor Road. Providing a four-lane roadway will not only provide increased capacity but also offer continuity with the existing Windsor Road system west of Philo Road. This improvement will complete the upgrade of Windsor Road from US Rte. 45 to High Cross Road (IL. Rte. 130) to a four lane roadway.

Participating Agencies

The Illinois Department of Transportation is providing \$3,500,000 STP (U) Federal Highway Funds for the project, representing approximately 50% of the project construction costs. Per an intergovernmental agreement executed on January 18th 2008, the City of Urbana and Champaign County, will share the remaining project costs equally.

Documentation

The necessary documentation is attached to complete this project.

ISSUES AND DISCUSSION

This attached City-State Agreement requires three resolutions be passed by the City Council. They are as follows:

1. A RESOLUTION APPROVING AND AUTHORIZING THE EXECUTION OF AN AGREEMENT WITH THE ILLINOIS DEPARTMENT OF TRANSPORTATION.
This Resolution authorizes the Mayor and City Clerk to execute and deliver the agreement (attached) on behalf of the City of Urbana.
2. A RESOLUTION PROVIDING FOR THE RECONSTRUCTION OF WINDSOR ROAD (F.A.U. 7145) FROM BOULDER DRIVE TO HIGH CROSS ROAD.
This Resolution sets the amount and how the funds are to be paid for the City's share of the project.
3. A RESOLUTION FOR IMPROVEMENT BY MUNICIPALITY UNDER THE ILLINOIS HIGHWAY CODE
This Resolution appropriates the use of Motor Fuel Tax (MFT) funds to pay for the City's share of the project.

FISCAL IMPACTS

The City is taking the lead on this project and designed the project with in-house staff. The City will also take the lead on the construction engineering with Champaign County providing personnel per the previously established intergovernmental agreement. As outlined in the joint agreement, IDOT's share for the estimated \$7,000,000 project cost is not to exceed \$3,500,000. The City will fund the balance of the project costs with a combination of Motor Fuel Tax Funds (E09) and City Capital Replacement and Improvement Funds (A09) with Champaign County reimbursing the City for their share of the project costs. The MFT resolution is for \$3,900,000 which includes construction cost contingencies. Staff has reviewed the cost breakdowns and finds them satisfactory. Please note that these costs are estimates and may increase or decrease dependant on actual bid prices and construction change orders. Sufficient funds are being appropriated to allow for reasonable contingencies.

RECOMMENDATION

It is recommended that the City Council approve the resolutions as outlined herein at its regularly scheduled Council meeting on February 16, 2009.
