

## MEMORANDUM

**TO:** Mayor Laurel Lunt Prussing and Members of the City Council  
**FROM:** Gale L. Jamison, Assistant City Engineer  
William R. Gray, Public Works Director  
**DATE:** February 4, 2009  
**RE:** North Lincoln Avenue Bridge Replacement  
over the Saline Branch near Wilbur Road.

### INTRODUCTION

On December 17, 2007 an Intergovernmental Agreement with the County of Champaign, and Somer Township Concerning the Funding for the Engineering and construction of the Replacement of Bridge Structure #010-3168 on Lincoln Avenue ( Near Wilbur Road) was approved by the Council. The bridge across the Saline Branch at this location has deficiencies and is in need of replacement. Champaign County, as lead agency, has entered into an Engineering Services Agreement with Sodemann & Associates, Inc. to design the replacement bridge.

### ISSUES AND DISCUSSION

The County has applied for 80% federal funding through the Bridge Repair and Replacement Program (BRRP) for anticipated construction in FY 2010. The City and Township will share equally in the local share costs for the engineering design fees and construction costs. The County will provide construction engineering services at their expense. The current estimate of construction cost for the replacement structure is on the order of \$1.6 million. The City's estimated share of the design engineering fees is on the order of \$63,000. The fees are projected to be paid from Motor Fuel Tax (MFT) funds in the Capital Improvement Plan.

In order to authorize the expenditure of MFT Funds A RESOLUTION FOR IMPROVEMENT BY MUNICIPALITY UNDER THE ILLINOIS HIGHWAY CODE must be approved by the Council and submitted to the Illinois Department of Transportation.

### RECOMMENDATION

It is recommended that the City Council approve the attached RESOLUTION FOR IMPROVEMENT BY MUNICIPALITY UNDER THE ILLINOIS HIGHWAY CODE in the amount of \$70,000 for the payment of the design engineering fees and any unexpected contingencies.
