RE: Annual Revision of the Fee Schedule

Brief Description of the item

Attached is the proposed license and permit fees for fiscal year 2009/2010. No council action is required at this time except to forward to the Council meeting of May 4, 2009 for action then. The schedule of fees will be placed on file for public review and comment and a notice will be placed in the News-Gazette notifying the public that the schedule is available for review.

Identification of the Issues and any approvals required

We review and adjust license, permit and service fees on an annual basis to keep pace with the cost of providing the services, which is mostly salary costs. Urbana City Code requires that the proposed Schedule of Fees be reviewed by the City Council and put on file with the City Clerk's Office at least thirty (30) days prior to final action by the City Council. During that time the Schedule of Fees is available for public inspection and comment at the City Clerk's Office and on our website. A notice that the schedule is available for review is published in the News-Gazette.

Background / facts

Revenue from service charges, license and permit fees and sewer benefit tax generate approximately \$1.5 million annually. The City's financial policy is to increase these fees to maintain pace with the annually increasing costs of providing the related services. Larger fees such as liquor licenses and sewer benefit tax are adjusted annually. Smaller fees are adjusted every three to four years. The cost of providing the related services are mainly driven by the increase in salaries, since most of the service is provided in personnel time. This cost may be less than or more than the consumer price index. The estimated cost increases due to inflation for fiscal year 2009/2010 is 4.5%.

Significant proposed adjustments to the 2009/2010 Schedule of Fees are:

1. Increase liquor license fees by 4.5% and update schedule to include the T-3 Temporary Event class.
2. Increase Fire Prevention permits from \$55.00 to \$75.00 and add Non-resident Fire Rescue Service fees. (Non-resident is defined as an incident involving a non-resident vehicle or non-resident driver.) The Urbana Fire Rescue responds to vehicle accidents on our highway systems and a large percentage of these calls involve people who are not residents of Urbana. Both career and volunteer fire departments throughout the United States are now charging for this type of service. The national norm is \$150.00 an hour per apparatus and \$35.00 per hour per firefighter, with a minimum fee of \$250.00.
3. Increase Ambulance License fees from \$125.00 to \$15,000.00. Ambulances accompany our fire trucks on all calls. Ambulance personnel use various City supplies and electricity without reimbursement to the City. In addition, ambulance personnel benefit from the higher level of medical training that Urbana Fire Rescue requires of our fire fighters. The increased license fee is based on charging \$10.00 per call for the average 3,000 calls we respond to annually. Two ambulance companies share the calls making the license fee \$15,000.00 per company.
4. Increase the minimum charge for work without a permit from \$100.00 to \$150.00. Increase the temporary certificate of occupancy in the 66-90 day category from \$375.00 to \$500.00. Increase Tent permit fees from \$25.00 to \$50.00, Deck permits from \$40.00 to \$50, Shed permits from \$25.00 to \$50.00 and Alteration/Renovation permits from \$40.00 to \$50.00. Increase the minimum permit fee from \$40.00 to \$50.00 for Alteration/Renovation permits and Moving permits. These changes were recommended by the CD Department.
5. Increase the sewer tax rate from \$2.60 to \$2.99 per cubic foot. This total increase is 15%. The increase will apply to the billing period beginning January 1, 2010. This increase is required to provide necessary funding for the East Urbana sewer interceptor project.
6. Delete Elevator permits. These inspections are now done by the State.
7. Increase the meter rate in the downtown business district from \$.25 an hour to \$.50 an hour. This increase comes as a recommendation from the Downtown Parking Study.

All changes to the Schedule of Fees are shown by a strike out of the current fee and notation of the proposed fee. Changes and additions are underlined.

Fiscal impact

Revision of the fee schedule allows the City to keep pace with the costs of providing the services related to the fees (inspections, administrative costs and sewer maintenance.)

If these fees are not periodically increased for inflation, the City will be forced to increase property taxes or other revenue sources.

Recommendation

Staff recommends approval of the attached ordinance adopting the 2009/2010 Schedule of Fees.
