Urbana City Council

Re: Appointment of Todd Rent as Human Resources Manager

Dear Charlie, Eric, Bill, Dennis, Mike and Diane:

I am recommending the appointment of Todd Rent as Human Resources Manager for Urbana. For almost eight years Todd has worked closely with Vacellia Clark, who is retiring as of January 16th. Todd has outstanding credentials for this job. Not only has he been the Urbana Human Relations Officer since 2007, but prior to that he had extensive experience in personnel management and issues as Associate Director for Compliance for the highly respected University of Iowa Hospitals and Clinics. He is a consummate professional who not only understands the law but has a deep sense of fairness in dealing with people.

A graduate of the University of Illinois, he has a Master's degree in Human Resources and Industrial Relations and is completing his law degree this May from the University of Illinois (which was interrupted a number of years ago.)

His resume is attached spelling out his academic credentials and his extensive on the job experience.

Sincerely,
