**SUBJECT: A RESOLUTION AUTHORIZING THE MAYOR TO EXECUTE A CERTIFICATION OF CONSISTENCY FOR THE HOUSING AUTHORITY OF CHAMPAIGN COUNTY FIVE -YEAR PLAN FOR FY 2005-2009, AND THE ANNUAL PLAN FOR FISCAL YEAR 2008**

---

### **Description**

The Housing Authority of Champaign County (HACC) has submitted their Five-Year Plan for FY 2005-2009 and Annual Plan for FY 2008 to the City for review and comment. The HACC is requesting that the City verify that the plan is consistent with the City of Urbana and Urbana HOME Consortium Consolidated Plan FY 2005-2009 by executing a Certification of Consistency to be included in the HACC FY 2008 plan submission to HUD.

The public comment period on the Draft Plan ends December 7, 2007. The HACC staff has requested that the City of Urbana provide the Certification as soon as possible after the end of the period. The Certification of Consistency is needed by December 31, 2007, which will provide sufficient time for the HACC Board to finalize the Plan for submission to HUD as required in January 2008.

### **Issues**

The issue is to determine that the Housing Authority of Champaign County's (HACC) Five-Year Plan for FY 2005-2009 and Annual Plan for FY 2008 is consistent with the 2005-2009 City of Urbana and Urbana HOME Consortium Consolidated Plan. The Urbana City Council may then adopt a resolution authorizing the Mayor to execute the Certification of the Public Housing Agency (PHA) Plan's Consistency with the Consolidated Plan.

### **Background**

The Housing Authority of Champaign County requests the Certification of Consistency annually. An update to its Five-Year Plan for FY 2005-2009, the HACC Annual Plan for FY 2008 contains minor changes from the FY 2007 Plan reviewed by the Community Development Commission and City Council last year.

After demolishing the Lakeside Terrace Apartments using HOPE VI funds, the HACC has been working in conjunction with Brinshore Development to redevelop the site into a mixed-income development, in accordance with HUD guidelines. The new development, Crystal View Townhomes, is proposed to be funded from a variety of sources, including Low-Income Housing Tax Credits (LIHTC) issued by the Illinois Housing Development Authority (IHDA) and HOME and CDBG funds from the City of Urbana. Over the past two years, Brinshore Development has submitted applications for tax credits to IHDA for project funding that were not approved due to the competitive nature of the program. Brinshore is compiling another application to be submitted to IHDA in December 2007.

The HACC's Annual Plan for FY 2008 includes the following information on the project:

*“a.) The HACC is in the final phases of planning and predevelopment for the redevelopment of Lakeside Terrace. This family Public Housing site will undergo redevelopment that will include the total demolition of existing buildings and the development of new housing units that will be financed under HUD's Mixed-Finance approach. The Mixed-Finance approach will include the use of several funding sources, which many require that families with a variety of incomes occupy units. 25% of the units will continue to serve the same population as Public Housing units while others will be required to be rented to persons between 30% to 60% of the AMI. With regard to replacement units in conjunction with Lakeside Terrace in Urbana and to maintain consistency with the City of Urbana's Consolidated Plan the HACC recognizes the need to maximize the number of units that will be made available for families below 30% AMI. The HACC will provide for the maximum number of units for families at or below 30% AMI within the expanded redevelopment area and as dictated by the available project financing. If the developer does not receive LIHTC in the December round of funding, then the HACC, itself, may decide to develop the Lakeside Terrace Site as mixed-finance and/or public housing.” (p. 2)*

This statement is consistent with the City's 2005-2009 Consolidated Plan and the 2004 Lakeside Terrace Redevelopment Plan. Since this is proposed to be a mixed-income project, HUD requires that no more than 25% of the new units may be set aside as public housing units. Providing the maximum number of units allowed by HUD to extremely low-income families is consistent with the 2005-2009 Urbana Consolidated Plan, which states:

**Public Housing Strategy:** Encourage the Housing Authority of Champaign County to increase the number of affordable housing units available to extremely low-income households. Seek additional means of subsidizing very low-income households with rental assistance (p. 65).

It is important to note that the HACC FY 2008 Plan indicates that if the development is not funded with LIHTC in the upcoming application round, Brinshore may decline further interest in the development and the HACC could either secure another developer for the project or consider undertaking the development itself.

According to the HACC Plan, a further component of the Lakeside Terrace

redevelopment is to include accessible and visitable units:

*“The Lakeside Terrace replacement units will be designed in a manner consistent with the City of Urbana Ordinance 2000-09-105, which provides for the design of visitability features in new construction of one-and-two family dwellings, which are funded with financial assistance originating from or flowing through the City of Urbana. The HACC will develop units that are accessible to persons with disabilities commensurate with anticipated demand. Also, the HACC, through its efforts in the redevelopment of Burch Village and Lakeside Terrace will meet the Federal Requirement of 5% of all units for the needs of persons with disabilities including 2% for hearing impaired and 2% for visually impaired. In addition, all ground floor units shall meet the State of Illinois laws and local ordinances relating to visitability.”(p. 12)*

This statement is in accordance with a Public Housing Strategy of the City’s Consolidated Plan:

Public Housing Strategy: Strongly encourage the Housing Authority of Champaign County to rehabilitate existing units and develop new units, which would be accessible to families, which include persons with disabilities. (p. 65)

An additional strategy the HACC included in its Strategy for Addressing Needs for FY 2008 is included in the last section of Strategy 2: Increase the number of affordable housing units as follows:

*“The HACC plans to purchase existing housing units through the multiple listing to add to its ACC and to purchase land for development into public housing or to hold as an investment. If not developed into public housing or mixed finance/mixed income housing, the HACC will dispose of this land when it is profitable to do so. The HACC will also demolish and redevelop obsolete public housing sites- either replacing them with all public housing or a mixed income development.” (p. 11)*

This is consistent with the following strategies included in City’s Consolidated Plan:

Public Housing Strategy: Encourage the Housing Authority of Champaign County to increase the number of affordable housing units available to extremely low-income households.... (p. 65)

Public Housing Strategy: Encourage the Housing Authority of Champaign County to follow a similar process and design as the Burch Village and Lakeside Terrace redevelopment projects for the demolition and redevelopment of any other Public Housing units. (p. 65)

The HACC Annual Plan for FY 2008 provides a list of steps the Housing Authority has taken to ensure consistency with the Urbana and Champaign Consolidated Plans:

- 1. Improve the quality of the housing stock: The HACC will undertake several projects using its Capital Funds, which will improve the quality of public housing.*
- 2. Provide Homeownership opportunities: The HACC has implemented its Section 8 Homeownership program that will provide opportunities for Section 8 residents to become first-time homeowners.*
- 3. Redevelopment of Lakeside Terrace (IL06-04) into a mixed-income community; and replacement of the demolished units with a combination of new on-site units, scattered site units and Section 8 rent subsidies. If financially feasible at least 80% of the number of demolished units will be replaced with permanent, subsidized housing units that will be affordable to extremely low-income families with children, irrespective of their income. (p. 49)*

The first item conforms to the following strategy in the Consolidated Plan:

Public Housing Strategy: Promote substantial upgrading of the living environment for residents of Urbana public housing, particularly family units. (p. 65)

The third item noted above was included to address the activity identified in the City's Consolidated Plan, Public Housing Strategic Plan that states:

Activity: The City of Urbana will assist in developing a plan which partners with the private sector to use private dollars to leverage HOPE VI or other Federal funds, to replace the demolished units with a combination of new on-site units, scattered-site units and Section 8 rent subsidies. At least 80% of demolished units will be replaced with permanent, subsidized housing units that will be affordable to extremely low-income families with children, irrespective of their income (p. 65).

The City's approach to providing this replacement housing is detailed in the 2004 Lakeside Redevelopment Plan. Replacement housing will be provided through a combination of on-site units and off-site units to be developed or set aside in coordination with the HACC and with local Community Housing Development Organizations, such as the Urban League of Champaign County Development Corporation and the Homestead Corporation of Champaign-Urbana. The phrasing of item three is consistent with the language that the City of Urbana requested to be included during its review of the HACC plan for 2007.

### **Additional Comments**

In reviewing the HACC Five-Year Plan for FY 2005-2009 and Annual Plan for FY 2008, staff noted the following information and data referenced by page in the Plan:

Page 2

The HACC has indicated that they will not use public housing site-based waiting lists in FY 2008 and will, “*Make improvements to scattered site public housing units and sell them to existing residents of public housing.*”

Page 9

Because the HACC opened a Section 8 tenant based assistance waiting list in the past year, the number of families on the waiting list is 500.

Page 19

The HACC has increased its tenant screening process for Section 8 vouchers to include, “criminal and drug-related activity, more extensively than required by law or regulation.”

### **Fiscal Impacts**

The City of Urbana has budgeted a total of \$200,000 in CDBG, HOME and local Match funding for the redevelopment of Lakeside Terrace. The Annual Action Plan for FY 2006-2007 allocated \$100,000 (\$50,000 CDBG and \$50,000 HOME and Match) and the FY 2007-2008 Annual Action Plan allocated an additional \$100,000 (\$50,000 CDBG and \$50,000 HOME and Match) to the redevelopment project. No other City funds have been committed to strategies outlined in the HACC FY 2008 Annual Agency Plan.

### **Recommendations**

The Housing Authority of Champaign County has proposed projects for FY 2008 that are consistent with the City of Urbana’s Consolidated Plan.

Community Development staff recommends that the Urbana Community Development Commission forward the Resolution Authorizing the Mayor to Execute a Certification of Consistency for the Housing Authority of Champaign County Five -Year Plan for FY 2005-2009 and the Annual Plan for Fiscal Year 2008 to the Urbana City Council with a recommendation for approval.

**ii. Executive Summary of the Annual PHA Plan**

[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

The Housing Authority of Champaign County continues to make adjustments in response to the ever-changing housing industry. The HACC is embarking on some exciting times that require substantial changes in the way the HACC does business. Some of the more significant changes are as follow:

- a.) The HACC has completed the development of its Section 8 Homeownership program and has several banks and lending institutions that have entered into agreements with the HACC setting forth the banks' commitment and underwriting criteria.
- b.) The HACC is making major adjustment in the way it provides ongoing day-to-day maintenance. Prior to FY2003 the HACC assigned work type to each employee and they would provide services to all sites. While there will remain some of the more specialized work being provided by specific maintenance personnel, others will be assigned to specific sites. This change has been implemented for the following reasons:
  - 1. To cut down on travel time. By placing personnel on a specific site the need for travel will be greatly reduced.
  - 2. To create a sense of ownership and pride in how the sites are maintained. Assignment of maintenance personnel to specific sites help in the overall appearance and functionality of each site.
  - 3. The assignment of specific personnel to each site has helped the staff to become more acquainted with the residents allowing the residents the

opportunity to get to know the HACC staff that is directly responsible for their home.

4. The assignment of specific personnel to each site is necessary as HACC moves to an asset management model. The assigned person will report directly to the Housing Manager.
  - a.) The HACC is in the final phases of planning and predevelopment for the redevelopment of Lakeside Terrace. This family Public Housing site will undergo redevelopment that will include the total demolition of the existing buildings and the development of new housing units that will be financed under HUD's Mixed-Finance approach. The Mixed-Finance approach will include the use of several funding sources, which many require that families with a variety of incomes occupy units. 25% of the units will continue to serve the same population as public housing units while others will be required to be rented to persons between 30% to 60% of the AMI. With regard to replacement units in conjunction with Lakeside Terrace in Urbana and to maintain consistency with the City of Urbana's Consolidated Plan, the HACC recognizes the need to maximize the number of units that will be made available for families below 30% AMI. The HACC will provide for the maximum possible number of units for families at or below 30% AMI within the expanded redevelopment area and as dictated by the available project financing. If the developer does not receive LIHTC in the December 2007 round of funding, then the HACC, itself, may decide to develop the Lakeside Terrace site as a mixed-finance and/or public housing site.
  - b.) The HACC is currently in the process of reviewing its Admissions and Continued Occupancy Policy (ACOP), the Resident Handbook and the Resident Lease to make sure all three documents are consistent with each other. In addition, a complete review and evaluation is being conducted to determine if the governing documents meet the current needs of the residents and the HACC. Once completed HACC will hold public hearings for the purpose of receiving comments on the proposed changes to the above referenced documents.
  - c.) The City of Champaign is planning to extend 4<sup>th</sup> Street along the west side of the Douglas Square (formerly Burch Village). Among other things this extension will allow Douglas Square to have a secondary access. The HACC will seek a disposition of a small triangle of land on the southwest corner of Douglas Square. The City of Champaign requires this land for right-of-way for the street extension.
  - d.) In order to utilize the RHF funds and to provide additional public housing for Champaign County, the HACC will purchase land for development into public housing or to hold as an investment, purchase existing single and/or multi-family housing to add to our ACC and/or will demolish and redevelop existing public housing sites into additional public housing. Depending on funding options, the HACC will seek to develop the purchased land and/or existing public housing sites as mixed income developments.

[24 CFR Part 903.7 9 (a)]

## A. Housing Needs of Families in the Jurisdiction/s Served by the PHA

Based upon the information contained in the Consolidated Plan/s applicable to the jurisdiction, and/or other data available to the PHA, provide a statement of the housing needs in the jurisdiction by completing the following table. In the “Overall” Needs column, provide the estimated number of renter families that have housing needs. For the remaining characteristics, rate the impact of that factor on the housing needs for each family type, from 1 to 5, with 1 being “no impact” and 5 being “severe impact.” Use N/A to indicate that no information is available upon which the PHA can make this assessment.

### C. Strategy for Addressing Needs

Provide a brief description of the PHA's strategy for addressing the housing needs of families in the jurisdiction and on the waiting list **IN THE UPCOMING YEAR**, and the Agency's reasons for choosing this strategy.

#### (1) Strategies

**Need: Shortage of affordable housing for all eligible populations**

**Strategy 1. Maximize the number of affordable units available to the PHA within its current resources by:**

Select all that apply

- Employ effective maintenance and management policies to minimize the number of public housing units off-line. *The HACC has an implemented policy whereas maintenance personnel are assigned to each property. This process results in higher quality services causing each site to improve in curb appeal, therefore, being more attractive to persons seeking housing.*
- Reduce turnover time for vacated public housing units.
- Reduce time to renovate public housing units. *Before disposition of scattered site units, the HACC is planning to renovate the units. The plan is to complete all renovations as soon as practical in the new fiscal year.*
- Seek replacement of public housing units lost to the inventory through mixed finance development. *The HACC is currently seeking HUD approval to conduct Mixed-Income/Mixed-Finance redevelopment, which will assist in the replacement of public housing units, lost to demolition.*
- Seek replacement of public housing units lost to the inventory through section 8 replacement housing resources
- Maintain or increase section 8 lease-up rates by establishing payment standards that will enable families to rent throughout the jurisdiction
- Undertake measures to ensure access to affordable housing among families assisted by the PHA, regardless of unit size required. *By increasing the FMR the opportunity of rental units to higher rent districts will expand.*
- Maintain or increase section 8 lease-up rates by marketing the program to owners, particularly those outside of areas of minority and poverty concentration. *The HACC has implemented processes that will help to educate landlords about the Section 8 program and Fair Housing provisions applicable to rental housing. Hacc will not require any assistance from the cities in this process of holding Town Hall meetings bi-annually to educate landlords about the Section 8 program and Fair Housing provisions applicable to rental housing.*

- Maintain or increase section 8 lease-up rates by effectively screening Section 8 applicants to increase owner acceptance of program
- Participate in the Consolidated Plan development process to ensure coordination with broader community strategies
- Other (list below)

**Strategy 2: Increase the number of affordable housing units by:**

Select all that apply

- Apply for additional Section 8 units should they become available
- Leverage affordable housing resources in the community through the creation of mixed - finance housing. *The HACC's developer partner for Lakeside Terrace (IL6-04) sought LIHTC in the December 2007 round of funding.*
- Pursue housing resources other than public housing or Section 8 tenant-based assistance. *The redevelopment of Lakeside Terrace required the HACC to seek non-public housing funds such as; CDBG, HOME, Low-Income Housing Tax Credits, Tax Exempt Bonds, State of Illinois Trust Funds, State Donations Tax Credits etc.*
- Other: (list below)  
*The HACC plans to purchase existing housing units through the multiple listing to add to its ACC and to purchase land for development into public housing or to hold as an investment. If not developed into public housing or mixed finance/mixed income housing, the HACC will dispose of this land when it is profitable to do so. The HACC will also demolish and redevelop obsolete public housing sites-either replacing them with all public housing or a mixed income development.*

**Need: Specific Family Types: Families at or below 30% of median**

**Strategy 1: Target available assistance to families at or below 30 % of AMI**

Select all that apply

- Exceed HUD federal targeting requirements for families at or below 30% of AMI in public housing
- Exceed HUD federal targeting requirements for families at or below 30% of AMI in tenant-based section 8 assistance
- Employ admissions preferences aimed at families with economic hardships
- Adopt rent policies to support and encourage work
- Other: (list below)

**Need: Specific Family Types: Families at or below 50% of median**

**Strategy 1: Target available assistance to families at or below 50% of AMI**

Select all that apply

- Employ admissions preferences aimed at families who are working
- Adopt rent policies to support and encourage work
- Other: (list below)

## **Need: Specific Family Types: The Elderly**

### **Strategy 1: Target available assistance to the elderly:**

Select all that apply

- Seek designation of public housing for the elderly
- Apply for special-purpose vouchers targeted to the elderly, should they become available
- Other: (list below)  
*Seek designation of Public Housing for the Near-Elderly (age 50 and above).*

## **Need: Specific Family Types: Families with Disabilities**

### **Strategy 1: Target available assistance to Families with Disabilities:**

Select all that apply

- Seek designation of public housing for families with disabilities
- Carry out the modifications needed in public housing based on the section 504 Needs Assessment for Public Housing
- Apply for special-purpose vouchers targeted to families with disabilities, should they become available. *The HACC is committed to making available units for persons with disabilities and will make application for additional housing options as they become available and the HACC is eligible.*
- Affirmatively market to local non-profit agencies that assist families with disabilities
- Other: (list below)  
*The Lakeside Terrace replacement units will be designed in a manner consistent with the City of Urbana Ordinance 2000-09-105, which provides for the design of visitability features in new construction of one-and-two family dwellings, which are funded with financial assistance originating from or flowing through the City of Urbana. The HACC will develop units that are accessible to persons with disabilities commensurate with anticipated demand. Also, the HACC, through its efforts in the redevelopment of Lakeside Terrace will meet the Federal Requirement of 5% of all units for the needs of persons with disabilities and an additional 2% for hearing impaired or for visually impaired. In addition, all ground floor units shall meet the State of Illinois laws and local ordinances relating to visitability.*

## **Need: Specific Family Types: Races or ethnicities with disproportionate housing needs**

### **Strategy 1: Increase awareness of PHA resources among families of races and ethnicities with disproportionate needs:**

Select if applicable

- Affirmatively market to races/ethnicities shown to have disproportionate housing needs
- Other: (list below)

## Strategy 2: Conduct activities to affirmatively further fair housing

Select all that apply

- Counsel section 8 tenants as to location of units outside of areas of poverty or minority concentration and assist them to locate those units
- Market the section 8 program to owners outside of areas of poverty /minority concentrations
- Other: (list below)  
*The HACC has implemented processes that will help to educate landlords about the Section 8 program and Fair Housing provisions applicable to rental housing.*

### Other Housing Needs & Strategies: (list needs and strategies below)

#### (2) Reasons for Selecting Strategies

Of the factors listed below, select all that influenced the PHA's selection of the strategies it will pursue:

- Funding constraints. *Due to the ever changing federal budgets and the HACC's current lease-up rates in both public housing and Section 8, funding is becoming much tighter. Therefore, the development of strategies is affected by the funds currently received by the HACC.*
- Staffing constraints. *Through attrition the HACC has seen a substantial reduction of its overall staff. The HACC, due to budget constraints, will not be filling these positions creating a heavier workload on the remaining staff.*
- Limited availability of sites for assisted housing
- Extent to which particular housing needs are met by other organizations in the community.
- Evidence of housing needs as demonstrated in the Consolidated Plan and other information available to the PHA
- Influence of the housing market on PHA programs. *The HACC properties are impacted based on the construction of new housing units throughout the area.*
- Community priorities regarding housing assistance
- Results of consultation with local or state government
- Results of consultation with residents and the Resident Advisory Board
- Results of consultation with advocacy groups

**B. Reserved for Conversions pursuant to Section 22 of the U.S. Housing Act of 1937**

***24 CFR Part 972.200, Required Initial Assessments:***

*In October 2005, the HACC evaluated the family public housing developments located in Champaign County (excluding Burch Village and Lakeside Terrace due to approved demolition plans):*

*Dorsey Family Homes (IL06-01), Champaign, Illinois  
Dunbar Court (IL06-05), Urbana, Illinois  
Scattered Sites (IL06-09), Champaign, Illinois*

*These sites were evaluated using a cost benefit analysis to determine if the HACC should continue to provide these units as public housing compared to issuing section 8 tenant-based assistance (vouchers) to the existing residents. The following items were considered: (1) Each development's operation was reviewed, and; (2) Consideration of the implications of converting the public housing to tenant-based assistance. It was concluded that, at this time, conversion of the family public housing units located at Dorsey Family Homes, Scattered Sites and Dunbar Court would be appropriate because removal of the developments would meet the necessary conditions for voluntary conversion for the following reasons:*

- (1) It would principally benefit the residents of the public housing developments to be converted.*
- (2) It would, at this time, not adversely affect the availability of affordable housing in the community.*

- The PHA has participated in any consultation process organized and offered by the Consolidated Plan agency in the development of the Consolidated Plan.
- The PHA has consulted with the Consolidated Plan agency during the development of this PHA Plan.
- Activities to be undertaken by the PHA in the coming year are consistent with the initiatives contained in the Consolidated Plan. (list below)
  1. *Improve the quality of the housing stock: The HACC will undertake several projects using its Capital Funds, which will improve the quality of public housing.*
  2. *Provide Homeownership opportunities: The HACC has implemented its Section 8 Homeownership program that will provide opportunities for Section 8 residents to become first-time homeowners..*
  3. *Redevelopment of Lakeside Terrace (IL06-04) into a mixed-income community; and replacement of the demolished units with a combination of new on-site units, scattered site units, and Section 8 rent subsidies. If financially feasible at least 80% of the number of demolished units will be replaced with permanent, subsidized housing units that will be affordable to extremely low-income families with children, irrespective of their income.*
- Other: (list below)

3. The Consolidated Plan of the jurisdiction supports the PHA Plan with the following actions and commitments: (describe below)

**The following represents the comments included in the FY 2004 Annual Plan inserted by the City of Urbana:**

*“The City of Urbana supports the efforts of the HACC in its mission to provide safe, decent and sanitary housing for all. The Urbana FY2000-2004 Consolidated Plan (Summary of Recommendations) includes the following polices and statements that should be inserted into the HACC Annual Plan for FY 2004:*

AFFORDABLE HOUSING; in part “Additional subsidies for extremely low-income and very low-income tenants are needed, such as tenant-based rent assistance, assistance with security deposits and first month’s rents, and use of low-income housing tax credits”.

*PUBLIC HOUSING; in part “Subsidized housing is greatly needed throughout Champaign County. However, family units owned and managed by the Housing Authority of Champaign County are generally considered last-resort housing due to poor living conditions. In the short-term family complexes should be renovated to ensure safe living conditions.*

*If redevelopment of Lakeside Terrace and Dunbar Court is possible, without a significant reduction in the total number of permanent, subsidized housing units that are affordable to the lowest income families with children in the community, the City of Urbana will work with the Housing Authority of Champaign County to develop a HOPE VI application for the redevelopment of Lakeside Terrace and Dunbar Court to create a mixture of public housing, rental or homeownership units and residents representing a mix of income. The city will assist in developing a plan which partners with the private sector to use private dollars to leverage HOPE VI or other Federal funds, to replace the demolished units with a combination of new on-site units, scattered-site units and Section 8 rent subsidies. Although Section 8 vouchers or certificates may be used to relocate households living at these complexes at the time of redevelopment, at least 80% of demolished units will be replaced with permanent, subsidized housing units that will be affordable to extremely low-income families with children, irrespective of their income.”*

The City of Urbana submits the following additional comments and provisions related to the redevelopment of Lakeside Terrace:

With regard to replacement units related to the redevelopment of Lakeside Terrace in Urbana, in order to maintain consistency with the City of Urbana’s Consolidated Plan, the HACC recognizes the need to maximize the number of units that will be made available for families below 30% MFI. Should the City of Urbana provide funding toward the redevelopment of Lakeside Terrace, the HACC will provide for the maximum number of units for families at or below 30% MFI within the expanded redevelopment area and that those units not provided on site could be provided at scattered-sites, so that no fewer than 80% of demolished units are replaced with permanent, subsidized housing units that will be affordable to extremely low-income families with children.

With regard to the predevelopment planning efforts for Lakeside Terrace, City of Urbana staff, have been actively involved in the process and have provided guidance and direction throughout the planning process.

Should the City of Urbana provide funding toward the redevelopment of Lakeside Terrace, the HACC will adopt the following goal: The maximum number of affordable housing units are to be developed within the Lakeside Terrace redevelopment area and additional housing can be developed off-site in scattered site developments for persons below 30% MFI, so that no fewer than 80% of demolished units are replaced with permanent, subsidized housing units that will be affordable to extremely low-income families with children, irrespective of their income, which is consistent with the

Consolidated Plan.

The City of Urbana will not provide funding for the demolition of Lakeside Terrace units without a viable redevelopment plan, which is consistent with the provisions of the Consolidated Plan for the replacement of these units.

## **Deconcentration of Poverty and Income-Mixing**

## **A. Deconcentration of Poverty and Income-Mixing**

The PHA's admission policy is designed to provide for deconcentration of poverty and income-mixing by bringing higher income tenants into lower income projects and lower income tenants into higher income projects.

Gross annual income is used for income limits at admission and for income-mixing purposes.

Skipping of a family on the waiting list specifically to reach another family with a lower or higher income is not to be considered an adverse action to the family. Such skipping will be uniformly applied until the target threshold is met.

**The PHA will gather data and analyze, at least annually, the tenant characteristics of its public housing stock, including information regarding tenant incomes, to assist in the PHA's deconcentration efforts.**

The PHA will use the gathered tenant incomes information in its assessment of its public housing developments to determine the appropriate designation to be assigned to the project for the purpose of assisting the PHA in its deconcentration goals.

**If the PHA's annual review of tenant incomes indicates that there has been a change in the tenant income characteristics of a particular project, the PHA will evaluate the changes to determine whether, based on the PHA methodology of choice, the project needs to be redesignated as a higher or lower income project.**

### **Deconcentration and Income-Mixing Goals**

The PHA's deconcentration and income-mixing goal, in conjunction with the requirement to target at least 40 percent of new admissions to public housing in each fiscal year to "extremely low-income families", will be to admit higher income families to lower income developments, and lower income families to higher income developments.

**Deconcentration applies to transfer families as well as applicant families.**

If a unit becomes available at a lower income development, and there is no higher income family on the waiting list or no higher income family accepts the offer, then the unit will be offered to the next family regardless of income.

If a unit becomes available at a higher income development, and there is no lower income family on the waiting list or no lower income family accepts the offer, then the unit will be offered to the next family regardless of income.

## **Project Designation Methodology**

The PHA will determine and compare tenant incomes at all general developments.

Upon analyzing its findings the PHA will apply the policies, measures and incentives listed in this Chapter to bring higher income families into lower income developments and lower income families into higher income developments.

The PHA's goal is to have eligible families having higher incomes occupy dwelling units in projects predominantly occupied by eligible families having lower incomes, and eligible families having lower incomes occupy dwelling units in projects predominantly occupied by eligible families having higher incomes.

Skipping of families for deconcentration purposes will be applied uniformly to all families. When a unit becomes available at a lower income development, the unit will be offered to a higher income family. When a unit becomes available at a higher income development, the unit will be offered to a lower income family.

**The PHA provides a waiting list preference to victims of domestic violence and those involuntarily displaced. These preferences, and only these preferences, override deconcentration and income mixing policies.**

## **Deconcentration Methodology**

The PHA shall admit lower income families to higher income buildings (or developments) and admit higher income families to lower income buildings (or developments) using the following steps:

**Step 1:** The PHA will annually determine the average income of all families residing in all of its general occupancy (family) developments (including families residing in developments approved for demolition or conversion to tenant-based assistance and families residing in public housing units in mixed-finance developments).

**Step 2:** The PHA will annually determine the average income of all families residing in each building of each general occupancy development.

**Step 3:** The PHA will annually characterize each building of each general occupancy development as higher income or lower income based on whether the average income in the building is above or below the overall average.

**Step 4:** The PHA will determine which families on the waiting list have incomes higher than the PHA-wide average and designate these families "higher income families," and which have incomes lower than the PHA-wide average and designate these families "lower income families."

**Step 5:** When a unit becomes available in a higher income building, the PHA shall skip families on the waiting list if necessary to reach a lower income family

to whom it will offer the unit **except in the case of families who are victims of domestic violence and those involuntarily displaced.**

When a unit becomes available in a lower income building, the PHA shall skip families on the waiting list if necessary to reach a higher income family to whom it will offer the unit **except in the case of families who are victims of domestic violence and those involuntarily displaced.**

If the waiting list does not contain a family in the income category to whom the unit is to be offered, the PHA shall offer the unit to a family in the other income category.

### **Definition of Building for Purposes of Deconcentration**

For purposes of deconcentration, a “building” is one or more contiguous structures containing at least 8 public housing units.

For scattered site and small developments, if a development contains no structures that qualify as a building, the deconcentration requirement is applied to the entire development as if the development were a building.

For mixed-finance developments and units newly added to the PHA’s public housing stock, the deconcentration requirement is:

For the initial lease-up of vacant public housing units, the average income for the public housing units in each building must not exceed the PHA’s average overall income.

After the initial lease-up, the leasing of public housing units is covered by the deconcentration steps listed above.

If the PHA has provided the family that resided in public housing on the site of a mixed-finance or other development the right to return to that development after revitalization, the deconcentration policy does not preclude fulfilling that commitment.

A family has the sole discretion whether to accept an offer of a unit made under the deconcentration policy.

The PHA shall not take any adverse action toward any eligible family for choosing not to accept an offer of a unit.

The PHA shall uniformly limit the number of offers received by applicants, described in this chapter.

Nothing in the deconcentration policy relieves the PHA of the obligation to meet the income targeting requirements

### **PHA Incentives for Higher Income Families**

The PHA will offer certain incentives to higher income families willing to move into lower income projects. The PHA will not take any adverse action against any higher income family declining an offer by the PHA to move into a lower income project.

In addition to maintaining its public housing stock in a manner that is safe, clean, well landscaped and attractive, the PHA will offer the following incentives for higher income families moving into lower income projects:

PHA will allow occupancy standards of one child per bedroom.

PHA will approve a transfer request to another site of the family's preference after two years of occupancy (such transfers will be based on date order of similar requests received).

The PHA will offer the following incentives to:

- families who move from welfare to work and remain employed for at least one year and have no lease violations;
- working families who have resided in the development for at least two years and have no lease violations

PHA will allow occupancy standards of one child per bedroom.

PHA will target homeownership opportunities to higher income families moving into lower income projects

PHA will give first priority in available Section 3 training slots and hiring for employment with the PHA to higher income families moving into lower income projects.

PHA will provide an escrow savings account to higher income families moving into lower income projects in the case of increased earned income.

## **Homeownership Plans and Program**

## D. Homeownership Plans and Program

### Qualifications for Homeownership Assistance

To qualify for assistance under the homeownership option –Section 8(y), a family must:

- Currently be on the Section 8 Rental Program and have been on the program for at least one year. The HACC realizes that finding and purchasing a home can be a lengthy process. If applicants on the Section 8 waiting list were permitted to participate in the homeownership option this would cause the HACC several significant challenges (such as defining a realistic search term without causing adverse impact on utilization rates and administrative fees) that would not exist if the HACC limits the homeownership option to current Section 8 participants.
- Family must be in good standing. In other words no debt is owed to the PHA or landlord, and family has not violated any of the Obligations of the Family as stated on the Section 8 Rental Voucher.
- If the family is presently in a lease, the family must be released from the lease by the landlord in order to participant in the homeownership program. The family may leave no outstanding debt to the owner.

The one-move per year requirement for the Regular Section 8 Rental Voucher Program is waived, if the family has permission from his or her landlord to break the lease, in order to participant in the homeownership program. However, once family purchases home, this requirement will be set back into place. In other words the family participating in the homeownership program will be allowed one-move per year provided that family meets all requirements for Section 8(y).

- The family must qualify and enroll in the Family Self-Sufficiency Program (FSS) and must successfully complete the FSS program.
- Family must meet the special requirements for homeownership assistance as defined below:
  1. **Family must be first -time homeowner -**  
The assisted family may not include any person who owned a “present ownership interest” in a residence of any family member during three (3) years before the commencement of homeownership assistance for the family. “First-time homeowner” includes a single parent or displaced homemaker who, while married, owned a home with his or her spouse, or resided in a home owned by his or her spouse.

However, Assistance may be provide for:

2. **A family that owns or is acquiring shares in a cooperative.** Section 8(y) authorizes homeownership assistance for a family that “owns or is acquiring shares in a cooperative.” The law allows assistance for a family that already owns cooperative shares before the start of Section 8 homeownership assistance, not just for a family that acquires cooperative shares for the first time with the support of such assistance. In this respect, the law treats ownership of cooperative membership different from ownership of title to the home. However, because a family must already be on the Section 8 rental

program before they are allowed to participate in Section 8(y) and because the Section 8 Administrative Plan only allows cooperatives (special housing types) as a reasonable accommodation for persons with disabilities for the Section 8 Rental program, in order for an Section 8 participant already to have shares in a cooperative, the participant must be a person with disabilities or have in their household a person with disabilities. However, a current Section 8 rental participant who wishes to purchase a cooperative may do so with the homeownership assistance.

A family containing a family member with disabilities who requires homeownership assistance as a reasonable accommodation is eligible for the homeownership option regardless of whether the family is a cooperative member or a first-time homeowner.

3. The family has not defaulted on a mortgage securing debt to purchase a home under the homeownership option.
4. **The family satisfies the minimum income requirements** - The rule established a National Minimum Income requirement, which equals **2,000 hours of annual full-time work at Federal Minimum Wage**. Adult family members who will own the home at the start of the homeownership assistance must have gross annual income that is not less than the minimum income requirement.

Presently minimum wage is \$6.50 per hour  
Family must have a minimum annual income of \$13,000.

On July 1, 2007, the minimum wage will be \$7.50 per hour  
On that date the family must have a minimum annual income of \$15,000.

- Income to be counted towards meeting minimum income requirements must come from sources other than welfare assistance.  
The HACC may count welfare assistance towards minimum income requirement for an Elderly or Disabled Family. (In order for welfare assistance to be counted towards meeting minimum income requirement the Head of Household or Spouse must meet the statutory definition of an Elderly or Disabled Family as defined by HUD and can be found in the Section 8 Administrative Plan.)

The rule clarifies that the requirement to disregard welfare assistance income only applies in determining whether a family has the minimum income to qualify for homeownership assistance. Welfare assistance income is counted for other program purposes such as calculating the amount of the family's total tenant payment (gross family contribution) and in calculating the amount of the monthly homeownership payment for a family.

The minimum income requirement only applies upon initial qualification to purchase a home and not as a continuing requirement. In other words, once the family is receiving homeownership assistance, the family is not required to meet the minimum income. However, should the family desire to purchase another home while receiving homeownership assistance, the family would need to meet the minimum income requirement.

5. **Family must satisfy employment requirements** - Family must demonstrate that one or more adult members of the family who will own the home at commencement of assistance is currently employed on a full-time basis and has been continuously employed during the year before commencement of homeownership assistance. Full-time employment is defined as not less than an average of 30 hours per week and continuously employed during the year prior to the commencement of the assistance.

PHAs have been given the discretion to determine whether (and to what extent) an employment interruption (small breaks in service) is considered permissible in satisfying the employment requirement.

The HACC in considering the local practice of employment has defined “small breaks in service” to be not more than (3) consecutive months or not more than (4 ½) months within a twelve month period provided that family returns to same employer. However, the HACC realizes that a family may leave one job and become employed with another company. This is permissible provided that the break in service is not more than (1) month. In addition, the HACC will consider self-employment as meeting the employment requirements provide that there are no breaks in service for more than (1) month.

- **The employment requirement does not apply to an elderly family or a disabled family.** Furthermore, if a family, other than an elderly family or a disabled family, includes a person with disabilities, the HACC must grant an exemption from the employment requirement if it is determined that an exemption is needed as a reasonable accommodation so that the program is readily accessible to and usable by persons with disabilities. This determination will be done on a case-by-case basis taking all factors into consideration. However, the law still requires the family meet the minimum income requirement. The requirement to count welfare assistance does not apply in the case of a family that includes a disabled person or elderly person who is not the Head of Household or spouse.

### **Rental Voucher Assistance to Homeownership Assistance**

The procedures set forth in this section will explain how many Vouchers will be set aside for Section 8(y); The selection criteria for Section 8(y); Applicability of the Section 8 tenant-based voucher requirements to the homeownership option and Requirements for continuation of homeownership assistance; Maximum time to locate and purchase home; Recapture Policy; Policy of HAP to Lender; Requirements for continuation of homeownership assistance; Maximum term of homeownership assistance; Automatic termination of Homeownership Assistance; Policy on issuing rental voucher if family fails to purchase home; Procedure for families no longer wishing to participate in the Section 8(y) program; Portability

- Number of Vouchers to be used toward Section 8(y).  
The Homeownership Program Section 8(y) is a new program established by the Final Rule dated September 12, 2000 and became effective on October 12, 2000. Due to the newness of this program, the HACC will initially limit 20 of its vouchers towards this program. This number may be increased if the program proves to be successful.
- **Selection criteria for Section 8(y).** The HACC will disseminate information regarding the Homeownership Program to all of its current participants. A Section 8 participant receiving

voucher assistance may request the HACC to determine whether the family is eligible for Section 8 (y). The HACC will determine whether family is eligible for Section 8 (y) according to the program requirements set forth in this plan. The Homeownership Program will be on a first come first serve basis. In other words, the first family deemed eligible for the program will be afforded the opportunity to purchase a home with homeownership assistance. Once the 20 slots have been assigned, the HACC will suspend offering Section 8(y) until an opening may occur. Ex. Family in pre-assistance phase of program fails to purchase a home. After which time, the HACC will simultaneously notify all current Section 8 participants, who have been on the program for one year, of the availability of the homeownership program and will offer the slot(s) to the first eligible family who has notified the HACC, in writing, of their interest in the program.

- **Applicability of Section 8 Tenant-Based requirements to Homeownership Option.** Except for the sections listed below, the requirements of Rent and Housing Assistance payments do not apply to assistance under the Homeownership Option:
  1. Maximum subsidy
  2. Examination of family income and composition
  3. Utility allowance

In addition families participating in the Homeownership Program, in order to continue participation, must adhere to all Obligations of the Family (with the exception of any references to leases and landlords). All applicable rules defined in the Home Inspections section of this policy will be enforced. At the time of family's annual re-examination, the family must demonstrate to the HACC that all real property taxes, assessments, water taxes, etc. are current.

The HACC will perform a briefing session for the Homeownership Program and will explain:

- Where the family may purchase a unit
  - How Portability works
  - The advantages of moving to an area outside of a high concentration of poor families
  - If the family includes a person with disabilities, the HACC will take appropriate steps to ensure effective communication during the briefing.
- **The maximum time allotted to purchase a home and close on the deal will be 180 days.** Families that fail to close on a home within 180 days will lose their option for homeownership. However they may continue receiving their Section 8 Rental assistance.
  - **The Recapture of Homeownership Assistance** – The final rule provides for a recapture of a percentage of homeownership assistance provided to the family upon the sale or refinancing of the home. Sales proceeds that are used by the family to purchase a new home with Section 8 Assistance are not subject to recapture. A family may refinance, **only with the HACC's approval**, to take advantage of lower interest rates, or better mortgage terms, without any recapture penalty. Only those proceeds realized upon refinancing that are retained by the family (for example during a "cash-out" of the refinanced debt) are subject to the recapture provision. Upon purchase of the home, a family receiving homeownership assistance must execute documentation as required by HUD, and consistent with State and local law, that secures the HACC's right to recapture the homeownership assistance. The lien securing the recapture of homeownership subsidy may be subordinated to refinanced

mortgage. The amount of homeownership assistance is subject to recapture shall automatically be reduced over a 10 year period, beginning one year from purchase date, in annual increments of 10 percent. At the end of the 10-year period, the amount of the homeownership assistance subject to recapture will be zero.

- **The HACC will send the Housing Assistance Payment directly to the lender.** If the assistance payment exceeds the amount due to the lender, the HACC will pay the excess amount directly to the family.
- **Automatic Termination of Homeownership Assistance.** The homeownership assistance will automatically terminate if no housing assistance payment has been made on the behalf of the family for 180 calendar days. However, the HACC may grant relief from this requirement in those cases where automatic termination would result in extreme hardship for the family. The criteria for the hardship exception are defined in Chapter 6 of the Section 8 Administrative Plan.
- **The Maximum term for homeownership assistance.** The maximum term limit on homeownership assistance is **15 years if the initial mortgage incurred to finance purchase a home has a term that is 20 years or longer. In all other cases, the maximum term of homeownership assistance is 10 years.** This term limitation is cumulative. In other words, if a current Section 8 (y) participant decides to purchase another home with homeownership assistance, the family will be given no additional years of homeownership assistance. The expiration date of the homeownership assistance will be 15 years or 10 years, which ever applies, from the date of initial participation of the Homeownership Program. **This maximum term for homeownership assistance does not apply to an elderly family or a disabled family.** In the case of an elderly family, this exception only applies if the family qualifies as an elderly family at the commencement of homeownership assistance. In the case of a disabled family, this exception applies if at any time during receipt of homeownership assistance the family qualifies as a disabled family.
- **Family may purchase one or more subsequent homes with continued Section 8 assistance.** This allowance is in effect provided that family has not defaulted on a mortgage securing debt incurred to purchase the home. HUD and the HACC believe that it is appropriate to permit family mobility in the homeownership program. Families may need to move for a number of reasons such as safer neighborhoods, better schools, changing space needs, or job proximity. However, the HACC may not begin homeownership assistance for occupancy of the new unit as long as any family member owns any title or other interest in the prior home.
- If family purchases a home under the Section 8 homeownership option and later decides that they prefer to live in a rental unit, the family will be issued a rental voucher provided that no mortgage loan default has occurred and the family has met all obligations under the Section 8 program. The family must sell the home before the HACC may provide rental assistance.
- A family that defaults on a mortgage loan will be terminated from the Homeownership Program and will not be issued a Section 8 Rental Housing Choice Voucher.

- **Portability.** The family may purchase a unit outside of the HACC's jurisdiction, if the receiving PHA is administering a voucher homeownership program and is accepting new homeownership families. Generally, the portability procedures for the Housing Choice Voucher program apply to the homeownership option. All of the receiving PHA's administrative policies are applicable to the homeownership family. The family will be required to attend the briefing and counseling sessions required by the receiving PHA. The receiving PHA, not the HACC, will determine whether the financing for and the physical condition of the unit are acceptable.

### **Homeownership Counseling**

Section 8(y) provides that a family that receives assistance under the homeownership option must participate and satisfactorily complete the pre-assistance homeownership and home counseling program approved by the PHA.

Topics for the HACC required pre-assistance counseling program include:

- How to obtain financing and loan pre-approval
- Advantage and disadvantage of homeownership
- Home maintenance
- Budgeting and money Management
- Credit counseling
- Types of mortgages and terms
- Role/importance of mortgage insurance
- How to select a home
- Advantage of purchasing outside of low-income areas
- Information on Fair Housing, including fair housing lending and local fair housing enforcement agencies
- Information about the Real Estate Settlement Procedures Act, state and Federal truth-in-lending laws, and how to identify and avoid loans with oppressive terms and conditions

The local Urban League office will provide the counseling. This is a HUD-Approved agency for homeownership and home counseling and is a free service.

### **Financing, Downpayments & Affordability of Purchase**

#### **Financing:**

The family must secure their own financing provided that all standard underwriting requirements are met. The HACC will prohibit the following types of financing:

- Balloon payments mortgages
- Variable interest rate
- Seller financing (Other than non-profit organizations and financial lending institutions)
- Sellers that have been debarred, suspended, or subject to a limited denial of participation are prohibited to sell their homes to a potential Section 8 participant.

The final rule provides that the contract of sale must contain a seller certification that the seller is not debarred, suspended, or subject to a limited denial of participation under 24 CFR part 24.

The HACC must approve all lenders, terms of financing, terms of any refinancing (including refinancing or financing for improvements or for repairs).

### **Downpayments:**

The HACC will require downpayments of 3% of purchase price with 1% coming from the families' resources. (Families may use money accrued in FSS escrow fund for the downpayment) This is to ensure that families have a personal financial stake in the home, thus helping to minimize mortgage loan defaults. Families may receive as a gift the additional 2%, however, families will not be permitted to borrow the downpayment from any source or person.

### **Affordability of Purchase:**

Most reputable lenders are very conscientious about the income to debt ratio in determining eligibility for home loans and will ensure that the family can afford such loan. As indicated above the lender as well as the terms of financing must be pre-approved by the HACC. Therefore, the HACC finds it unnecessary to determine the family's net income (gross income minus expenses). In addition the HACC finds it unnecessary to state a maximum percentage of how much of the family's income may go towards mortgage payments. Again, this is with the understanding that financial institutions do not desire a default on the mortgage and will not grant a family a loan if the income to debt ratio is not within their ranges.

### **Allowable Homeownership Expenses**

In the Homeownership Option: A family's allowable monthly expenses for the home, as determined by the HACC in accordance with HUD requirements, are as follows:

- Principal and interest on initial mortgage debt and any mortgage insurance premium incurred to finance purchase of home or any refinancing of such debt: **(The family must get prior approval from HACC to refinance home)**
- Real Estate taxes and public assessments on the home
- Home insurance
- Maintenance expenses
- Costs of major repairs and replacements, ex. Furnace; hot water heater; air conditioning; new roof;
- Principal and interest on mortgage debt incurred to finance major repairs or replacements or improvements for the home.
- Allowances for utilities (HACC will use voucher program utility allowance schedule)
- Costs of purchasing a cooperative unit may be included as an expense.
- If a member of the family is a person with disabilities, eligible homeownership expenses may include debt incurred to finance costs needed to make the home accessible for the family member, if the HACC determines that the allowance is needed as a reasonable accommodation.

Escrow funds accrued from participation in the FSS Program may be used towards any renovations or major repairs and replacement.

## **Home Inspections**

As provided by statute, two types of physical inspections are required in the Homeownership Program (in addition to, and separate from, any lender required inspections):

1. **Housing Quality Standards Inspection** – The HQS inspection is to be performed prior to the family entering into a contract of sale. The HQS inspection is the normal initial inspection conducted by the HACC for the tenant-based rental assistance program. This inspection will point out the current physical condition of the unit and any repairs necessary to ensure that the unit is safe and otherwise habitable. The HQS inspection serves to ensure the family does not enter into a contract of sale or otherwise expend family resources for units that are ineligible for Section 8 Assistance. The HQS inspection does not include an assessment of the adequacy and life span of the major building components, building systems, appliances, and other structural components.

The law only requires that a HQS inspection be performed before any homeownership assistance may be made. However, PHAs have been given the discretion to require any additional HQS inspections. The HACC feels that because the family will be receiving Section 8 assistance, the unit should meet HQS at all times. Therefore, an annual HQS inspection will be required and cooperation by the family is mandatory. The family will be subject to all applicable sections under Chapter 10 (Housing Quality standards and Inspections) of the Section 8 Administrative Plan.

2. **Independent Professional Home Inspection** – The statute specifically requires that the contract of sale provide for a pre-purchase inspection by an Independent Professional Home Inspector. This inspection is conducted by a private market home inspector (not by PHA staff) that is experienced and qualified to conduct pre-purchase home inspections. The purpose of this inspection is to identify any defects and assess the adequacy and life span of major building components, building systems, appliances and other structural components.

It is the Section 8 family's responsibility to select the home inspector and pay any of the inspector's fees. (The source of funds for family payment of the home inspection is not restricted. It may be a gift, family savings or an inheritance, or other sources.) Although the HACC may not require the family to use a particular inspector, the HACC will require that the independent home inspector be certified by the American Society of Home Inspectors or a similar national organization. In addition, the independent home inspector must be an impartial third-party.

The HACC must then review the home inspector's report and to determine whether repairs are necessary prior to purchase and to assess whether the purchase transaction makes sense in light of the overall condition of the home and the likely costs of repairs and capital expenditures. The HACC will discuss with the family the results of the inspection and determine whether to disapprove

the unit for assistance because of any major physical problems and substantial correction costs, or whether it is feasible to have the necessary repairs accomplished prior to sale.

### **Lease-Purchase Agreements**

It is permissible to use Section 8 Homeownership Assistance for a family to purchase a home that the family previously occupied under a “lease–purchase agreement” – generally a lease with option to buy. HUD’s philosophy on this option is that the right to purchase title under a lease-purchase agreement does not constitute “present ownership interest”. Therefore, the family that holds an option to purchase **may exercise that option** (in other words must purchase the property) and receive assistance under the homeownership program. The family will be subject to the homeownership regulatory requirements at the time the family is ready to exercise the homeownership option under the lease-purchase agreement. At that time the HACC will determine whether the family meets homeownership program requirements as indicated in this policy. If family is deemed eligible according to this homeownership policy, the family will arrange for an independent home inspection, attend counseling sessions, and obtain financing. Homeownership assistance will begin when the family purchases the home and after all of the requirements of the homeownership option are met.

## **Community Service Plan**

## F. Community Service Plan

### Chapter 16

#### COMMUNITY SERVICE

[24 CFR Part 960 Subpart F and 24 CFR 903.7]

##### INTRODUCTION

The Quality Housing and Work Responsibility Act of 1998 mandates PHA's to require that adults living in public housing comply with community service requirements.

##### A. REQUIREMENT

Each adult resident of the HACC shall:

Contribute 8 hours per month of community service (not including political activities) within the community in which that adult resides; or

Participate in an economic self-sufficiency program (defined below) for 8 hours per month; or

Perform 8 hours per month of combined activities (community service and economic self-sufficiency program)

##### B. EXEMPTIONS

The HACC shall provide an exemption from the community service requirement for any individual who:

- Is 62 years of age or older;
- **Is a blind or disabled individual as defined under Section 216[i][1] or 1614 of the Social Security Act, and who is unable to comply with this section, or is the primary caretaker of such individual;**
- Is engaged in a work activity as defined in Section 407[d] of the Social Security Act;
- Meets the requirements for being exempted from having to engage in a work activity under the State program funded under part A of the Social Security Act, or under any other welfare program of the State in which the public housing agency is located, including a State-administered welfare-to-work program; or
- Is in a family receiving assistance under a State program funded under part A of the Title IV of the Social Security Act, or under any other welfare program of the State in which the public housing agency is located, including a State-administered welfare-to-work program, and has not been found by the State or other administering entity to be noncompliance with such program.

The HACC will re-verify exemption status annually except in the case of an individual who is 62 years of age or older.

The HACC will permit residents to change exemption status during the year if status changes.

### **C. DEFINITION OF ECONOMIC SELF-SUFFICIENCY PROGRAM**

For purposes of satisfying the community service requirement, participating in an economic self-sufficiency program is defined, in addition to the exemption definitions described above, by HUD as: Any program designed to encourage, assist, train or facilitate economic independence of assisted families or to provide work for such families.

These economic self-sufficiency programs can include, but are not limited to:

- Job Training
- Employment counseling
- Work Placement
- Basic Skills Training
- Education
- English Proficiency
- Workfare, Financial or Household Management
- Apprenticeship
- Or any other program necessary to ready a participant to work (such as substance abuse or mental health treatment).

In addition to the HUD definition above, the HACC definition includes any of the following:

Participating in the Family Self-Sufficiency Program and being current in the steps outlined in the individual Training and Services Plan.

Other activities as approved by the PHA on a case-by-case basis.

The HACC will give residents the greatest choice possible in identifying community service opportunities.

The HACC will consider a broad range of self-sufficiency opportunities.

### **D. ANNUAL REDETERMINATIONS**

Requirement - For each public housing resident subject to the requirement of community service, the HACC shall, 30 days before the expiration of each lease term, review and determine the compliance of the resident with the community service requirement.

Such determination shall be made in accordance with the principles of due process and on a nondiscriminatory basis.

The HACC will verify compliance annually. If qualifying activities are administered by an organization other than the HACC, the HACC will obtain verification of family compliance from such third parties.

Family members will not be permitted to self-certify that they have complied with community service requirements.

## **E. NONCOMPLIANCE**

If the HACC determines that a resident subject to the community service requirement has not complied with the requirement, the HACC shall notify the resident of such noncompliance, and that:

The determination of noncompliance is subject to the administrative grievance procedure under the HACC's Grievance Procedures; and

Unless the resident enters into an agreement to comply with the community service requirement, the resident's lease will not be renewed, and

The HACC may not renew or extend the resident's lease upon expiration of the lease term and shall take such action as is necessary to terminate the tenancy of the household, unless the HACC enters into an agreement, before the expiration of the lease term, with the resident providing for the resident to cure any noncompliance with the community service requirement, by participating in an economic self-sufficiency program for or contributing to community service as many additional hours as the resident needs to comply in the aggregate with such requirement over the 12-month term of the lease.

### **Ineligibility for Occupancy for Noncompliance**

The HACC shall not renew or extend any lease, or provide any new lease, for a dwelling unit for any household that includes an adult member who was subject to the community service requirement and failed to comply with the requirement.

## **F. HACC RESPONSIBILITY**

The HACC will ensure that all community service programs are accessible for persons with disabilities.

The PHA will ensure that:

- The conditions under which the work is to be performed are not hazardous;
- The work is not labor that would be performed by the HACC's employees responsible for essential maintenance and property services; or
- The work is not otherwise unacceptable.

## **G. HACC IMPLEMENTATION OF COMMUNITY SERVICE REQUIREMENT**

The HACC will administer its own community service program, with cooperative relationships with other entities.

The HACC will administer the community service program through contracts and collaborative agreements with volunteer and community agencies.

The HACC will provide to residents a brochure of community service and volunteer opportunities available throughout the community.

## **Section 8 Project Based Assistance Plan**

## **I. Section 8 Project-Based Assistance Plan**

### **SECTION 8 ADMINISTRATIVE PLAN Project-Based Assistance Plan**

#### **General**

The Housing Authority of Champaign County will provide Project Based Section 8 Vouchers in accordance with the provisions set forth in 24 CFR Part 983 and the guidance notice issued by the U. S. Department of Housing and Urban Development on January 16, 2001, the plan set forth herein and any future notices issued by HUD.

#### **Program Set-Aside**

The number of project based units that will be made available for the PBA Program will not exceed 20% of the total funding available under the Annual Contributions Contract (ACC) for tenant based assistance.

Up to 20% of any new funding increments may also be designated for project-based assistance provided that the funding is not designated for any other special purpose under the Housing Choice Voucher Program.

#### **Agency Plan**

Prior to entering into a Housing Assistance Payments Contract for Project Based Assistance, the HACC will determine that said contract is consistent with the Annual Agency Plan. Consistency with the Plan will be determined through the existence of circumstances indicating that project-basing of Section 8 assistance, rather than tenant-basing of the same amount of assistance, is an appropriate option and is consistent with the requirements of “deconcentrating poverty and expanding housing and economic opportunities”.

To assure consistency with deconcentration of poverty all new project based assistance agreements or Housing Assistance Payments contracts must be for units located in census tracts with poverty rates of less than 20%, unless the HACC secures an exception from HUD.

#### **Eligible Housing Units**

The HACC will provide project based assistance for new construction, rehabilitation and existing housing based on the criteria established further in this plan.

A housing unit will be considered an existing unit for purposes of the project-based voucher program, if, at the time of selection of the project, the unit requires a maximum expenditure of less than \$1,000 per assisted unit to comply with the Federal Housing Quality Standards (HQS). A housing unit will be considered a rehabilitation unit if the unit requires a minimum of more than \$1,000 per assisted unit to comply with HQS.

All proposed sites for rehabilitation and new construction must meet the site and neighborhood standards as defined in 24 CFR 983.6. Ineligible properties include the following:

- Housing for which the construction or rehabilitation is started before execution of the PBA agreement;
- Shared housing, nursing homes, and facilities providing continual psychiatric, medical, nursing services, board and care, or intermediate care;
- Properties within the grounds of penal, reformatory, medical, mental and similar public or private institutions;
- Properties located in the Coastal Barrier Resources;
- Properties located in areas having special flood hazards unless, it is located in an area participating in the National Flood Insurance Program.

Other federal requirements to determine eligibility of units include the following: prohibition from using PBA in units with other assistance under the U.S. Housing Act of 1937 within five years prior to PBA; minimizing displacement for rehabilitation units as defined in 24 CFR 983.10; Equal Opportunity and environmental requirements defined in 24 CFR 983.11 and Uniform Federal Accessibility Standards (UFAS) as defined in 24 CFR 8.23,

### **Income Mix**

No more than 25% of the total units in a multi-family development or single-family properties may receive project-based assistance unless the assisted units are made available to elderly, disabled families, or families receiving supportive services.

This provision only applies to units assisted with project-based vouchers; there is no limitation on the income of other tenants in a PBA project or on households with tenant-based voucher assistance.

### **Notification of Program Availability**

The HACC will accept applications for the PBA program on an annual basis or as determined necessary by the HACC Board of Commissioners, until such time that the full program set-aside has been placed under HAP contract.

The availability of project-based assistance will be advertised in a newspaper of general circulation once a week for three consecutive weeks. In addition, the HACC will conduct an owner's workshop to advise all interested parties of the program advantages, proposal requirements, evaluation criteria, tenant selection requirements and other general program requirements.

The following items will be included in the program advertisement:

- The deadline for submission of applications (not less than 60 days from the date of the announcement of availability).
- The total estimated number of units to be selected for assistance.

- The proposal evaluation criteria and timelines for selection of units.

### **Owner Application Requirements**

Property owners responding to the notification of PBA funding must submit an application in the form prescribed by the HACC. The application must contain at a minimum the following information:

- A description of the housing including the number of units by size, bedroom count, bathroom count, sketches of the proposed new construction or rehabilitation, unit plans and estimated date of construction, if applicable. Amenities and other services should also be included in this description.
- Evidence of site control and for new construction, identification and description of the proposed site, site plan and neighborhood.
- Evidence of current zoning or evidence to indicate that rezoning is likely and will not delay the project.
- The proposed contract rent for the project including which utilities are included and for those utilities not included an estimate of average monthly costs for the first year of occupancy.
- A statement identifying all information related to displacement and relocation and identification of the responsible party that will carry out the relocation.
- Identification of the owner and other project principals, investors and other parties that have a substantial interest in the project and information on the qualifications and experience of the principal participants.
- A management and maintenance plan for the project.
- The applicant must provide written tenant selection criteria.
- Evidence of financing to support the project.
- A list of all rental properties currently owned by the applicant. The HACC will verify that the applicant has never been cited by a unit of local government in Champaign County for any violation of property maintenance or building codes at any property owned or managed by the applicant; or if the applicant has ever been cited for a violation, the nuisance or violation was abated by the deadline in the first notice issued by the unit of local government.
- The applicant must demonstrate that real estate taxes on all rental properties are current by providing a list of all rental properties currently owned by the applicant.
- Other relevant information as determined by the HACC.

## **Program Selection Criteria**

In addition to the criteria identified above under eligible units, the following threshold criteria must be met for an application to be considered for selection for the PBA program.

- The proposed project must not permanently displace any current tenants. Tenants may be temporarily relocated if necessary during rehabilitation of the unit at the expense of the owner.
- Rental levels must not exceed 110% of the Fair Market Rent or any approved exception payment standard and must be reasonable in relation to rents charged in the private market for unassisted comparable units.
- If a unit has been allocated a low income housing tax credit (IRS Code 42) but is not located in a qualified census tract, as defined in the law, the rent levels may be set at any level that is comparable with unassisted market rate units.

Following are the review criteria with associated point values that will be used by the HACC in the evaluation process of proposals received under the PBA program. There is no minimum passing score, nor a specific maximum score. Projects will be ranked by score and the highest ranked projects will undergo further review by the HACC. The selected projects must comply with all requirements set forth in this plan and all application HUD regulations.

<b>Evaluation Criteria</b>	<b>Points</b>
The proposed housing serves a target population: large families and/or disabled.	20
The proposal develops affordable housing through new construction in a mixed-income development.	40
The proposal submitted demonstrates a thorough, in-depth, well-planned project meeting all federal requirements and other eligibility criteria.	20
The applicant's qualifications are appropriate for the project under consideration and firm financial commitments are adequately documented.	15
Rental subsidy is necessary for the viability of the project, management of the project is consistent with Section 8 requirements and the degree to which supportive services will be provided to the project.	5
<b>TOTAL MAXIMUM POINTS</b>	<b>100</b>

Prior to selecting the units for project based assistance, the HACC will make a determination that the application is responsive and in compliance with all selection criteria and is otherwise in compliance with HUD program regulations and requirements.

### **Establishment of Initial Rents**

The Housing Authority will establish the rents in accordance with the provisions outlined above or seek approval of proposed rents from HUD for any the HACC owned units or HUD insured or co-insured mortgage.

### **Rehabilitation Work and New Construction Requirements**

The owner will be required to prepare work write ups, construction specifications and plans upon request as determined appropriate by the HACC for rehabilitation and new construction projects. In addition, new construction projects require certification by a licensed design architect that the proposed new construction reflected in the working drawings and specifications complies with housing quality standards, local codes and ordinances and zoning requirements.

The owner is responsible for selecting a responsible contractor for rehabilitation and new construction and said contractor must provide the HACC with a non-debarment certification.

An agreement to enter in a Housing Assistance Payments (HAP) Contract will be executed upon satisfactory completion of all requirements identified above. Upon execution of the HAP, the construction period shall commence. The construction period shall be determined in accordance with the approved application and entered into the HAP agreement. The HACC will perform regular inspections during the construction period.

Upon completion of construction, the owner must provide the HACC with a certificate of occupancy and an owner certification pursuant to 24 CFR 983.104. The HACC will perform a final inspection prior to acceptance of the units and notify the owner of any deficiencies that may exist. The owner will be allotted a time extension if warranted or the HACC may reject any units that do not meet program requirements. If deficiencies are not cured in the agreed upon time or the owner fails to complete the work within the timeframe identified in the HAP agreement, the HACC may adjust the number of units to be placed under contract or not proceed with execution the HAP agreement.

### **Housing Assistance Payments Contract**

Upon acceptance of the units by the HACC, a Housing Assistance Payments contract for Project Based Assistance for the Housing Choice Voucher Program will be executed in the format prescribed by HUD (52530-A).

The HACC will execute all PBA HAP contracts for a period of 10 years, subject to future availability of funding under the ACC with HUD. In addition, within one year before expiration, the HACC may agree to extend the term of the HAP contract for an additional term of up to one year if the HACC determines an extension is appropriate to continue providing affordable housing for low-income families. Subsequent extensions are subject to the same limitations. Any extension of the term must be on the form and subject to the conditions prescribed by HUD at the time of the extension, as cited in 24 CFR 983.205(b): Term of the HAP contract.

The HAP contract will provide for annual review of the rental amounts. Adjustments of rents will be subject to the annual adjustment factor provided that the rents charged for the PBA units are comparable to unassisted units in the rental market.

Special rent adjustments above the annual adjustment factor shall also be considered if it is determined that the rent continues to be reasonable. The owner shall be responsible for providing the HACC with market comparability data for any special rent increase that is requested.

The HACC will provide for vacancy payment under the PBA contract for up to 60 days provided that the vacancy is not the fault of the owner and the owner has taken every reasonable action to minimize the likelihood and extent of vacancies.

### **Tenant Selection**

Tenants residing in units selected for the PBA program who otherwise qualify for Section 8 assistance will be placed on the HACC Section 8 waiting list. Owners may also refer applicants to the waiting list based on the HACC waiting list policies and selection criteria.

The HACC will maintain a single Section 8 waiting list for all tenant based and project based assistance. Applicants will be offered project-based assistance as they reach the top of the list and units are available. If an applicant rejects a PBA unit, they will remain in their same place on the waiting list for tenant-based assistance.

Admission to PBA units is subject to HUD requirements and 75% of all new admissions on an annual basis must be at or below 30% of median income of the area. The remaining 25% shall have annual incomes between 30% and 50% of median income. An exception to this admission criteria will be made for any continuously assisted family in the Section 8 tenant base program or the Public Housing program who wishes to locate to a PBA unit.

Owners must lease all assisted units to eligible families. Failure to do so will result in a reduction of the units under contract or other legal remedies including suspension or debarment from HUD programs.

After one year of occupancy in a PBA unit, a tenant may move. The HACC will convert PBA tenants wishing to move to Housing Choice Voucher participants by providing them with the next available voucher. Housing Assistance payments will continue on the PBA unit until the tenant vacates the PBA unit.

The owner is responsible for screening and selection of tenants in accordance with the written selection criteria approved as part of the original proposal for the PBA program. The owner must promptly notify the HACC in writing of the rejection of a family and the grounds for such decision.

If the owner rejects an applicant family who believes the rejection was unlawful discrimination, the HACC will assist the family or refer the family to the local Fair Housing Center or the HUD field office.

When a family is selected for a PBA unit, the HACC will brief the family and provide them with all required written information and documents identified in 24 CFR 983.203.

### **Ongoing Activities**

The HACC shall administer the PBA program in accordance with all provisions under the Housing Choice Voucher program including issuing of monthly HAP payments, annual re-certification of household composition and income and annual inspection of all units to assure compliance with HQS.

The owner is responsible for managing the units in accordance with all requirements under the approved management plan and the Housing Assistance Payments contract. After initial occupancy, the owner must immediately notify the HACC of any vacancies. The HACC will refer a minimum of five families to the owner from its existing waiting list.

If the HACC has not referred an adequate number of applicant families to the owner within 30 days from notification of the vacancy, the owner may advertise and solicit applications from otherwise eligible families. Upon selection of an applicant, the owner will refer the applicant to the HACC for processing and briefing.

If a determination is made that the unit does not meet HQS requirements due to overcrowding as defined in the subsidy standards in the HACC Housing Choice Voucher program, then HACC will issue tenant based assistance upon availability.

### **Other Policies**

All other policies stated in the Section 8 Administrative Plan related to occupancy of Section 8 tenant-based assisted units will apply to Project Based units as appropriate.
