SUBJECT: RESOLUTION EVIDENCING THE INTENTION OF THE CITY OF URBANA, CHAMPAIGN COUNTY, ILLINOIS, TO ISSUE SINGLE FAMILY MORTGAGE REVENUE BONDS AND RELATED MATTERS. (Private Activity Bond Cap Allocation - Assist Urbana Series 2008)

RESOLUTION APPROVING PARTICIPATION IN ILLINOIS HOUSING DEVELOPMENT AUTHORITY FIRST-TIME HOMEBUYER SINGLE-FAMILY PROGRAMS (Private Activity Bond Cap Allocation - MCC and MRB Programs –Series 2008)

Description

Included on the agenda of the March 25, 2008 Urbana Community Development Commission are resolutions to allocate the City's Private Activity Bond Cap to the Assist Program and to the Illinois Housing Development Authority (IHDA) Mortgage Revenue Bond (MRB) and Mortgage Credit Certificate (MCC) programs.

Issues

The issue is for the Community Development Commission to make a recommendation to the Urbana City Council regarding the use of the City of Urbana's 2008 private activity bond cap. The Urbana City Council must decide how to allocate the City's private activity bond cap before May 1, 2008.

The options include reserving the bond cap for specific projects or participating in the homebuyer assistance programs offered by Stern Brothers & Co. and IHDA. Any unused bond cap not ceded for any combination of these programs will automatically be ceded back to the State of Illinois for use by another municipality.

Background

In accordance with the IRS Code, each municipality in Illinois is allowed to issue private activity bonds in the amount of \$85 per capita population for 2008. The State of Illinois each year

recaptures any bond allocation unused by the City as of May 1. The City may elect to use its allocation, allow its allocation to be recaptured by the State, or voluntarily cede its allocation to the State or to any community. The City of Urbana has \$3,285,930 in 2008 Private Activity Bond Cap available that can be utilized for:

- 1) Below-market-rate financing for affordable housing
- 2) Mortgage credit certificates in support of homeownership, or
- 3) Below-market-rate financing for limited types of industrial developments

In recent years, Urbana has used its private activity bond allocation for homebuyer assistance programs. In order to qualify for the Assist and Illinois Housing Development Authority (IHDA) homebuyer assistance programs, participating households are required to meet income and purchase price limits. Each of these programs has standard criteria in that those receiving assistance must meet income limits for the area, be first-time homebuyers unless purchasing in a targeted area, and the home must meet the prescribed purchase limits.

While the program would be available citywide, the Internal Revenue Service has designated program target areas (may be located using IHDA’s website at <http://www.ihda.org/census.htm>). Income and purchase price limits vary depending on whether the property purchased is located in or out of the target area. Households purchasing within the target areas need not be first-time homebuyers. Income and purchase price limits applicable to the 2008 program are as follows:

| | <u>Maximum Household Income Limits</u> | |
|--------------------|---|-----------|
| Non-targeted areas | 1-2 person household | \$66,300 |
| | 3 or more persons | \$76,245 |
| Targeted area | 1-2 person household | \$79,560 |
| | 3 or more persons | \$92,820 |
| | <u>Maximum Purchase Price Limits (Single-family home)</u> | |
| Non-targeted areas | Existing or new construction | \$237,030 |
| Targeted area | Existing or new construction | \$289,700 |

1) Assist Program

The *AssistUrbana* Program was first started under the name of *AccessUrbana* in 1995 and has subsequently assisted over 250 families with purchasing a home in Urbana. The 2007 Assist program leveraged \$6,294,509 million in home loans for 63 Urbana families, providing an average loan of \$99,912. The proposed Assist Program will provide 30-year fixed rate FHA/VA mortgage loans or conventional loans at between an estimated 6.17 – 6.5 percent interest through participating local lenders. The program also provides non-repayable, non-taxable grants for downpayment and closing costs up to 4.25 percent of the home mortgage amount. The Assist Program supports both FHA and VA lending programs and is marketed by the City and local lenders through direct mailers, seminars, and media advertising.

The current interest rate is 6.10 percent and is subject to change based on changes in market

conditions at the time bonds are sold (program bonds are sold in intervals throughout the year). Also similar to past years is the list of communities participating in the Assist Program; including Urbana, Champaign, Rantoul, Peoria, Springfield, Decatur, Charleston, Danville, and Mattoon.

In 2007, the City ceded one half (50%) of its bond cap to the Assist Program. To participate in the *AssistUrbana* for 2008, the City would need to transfer all or a portion of its bond allocation to the Sterns Brothers & Co., and loans would be available beginning around June 1, 2008.

2) IHDA First-Time Homebuyer and Mortgage Credit Certificate Programs

The IHDA programs allow for communities to cede a portion of their bond cap to IHDA be able to utilize both the First-Time Homebuyer Program (MRB) and the Mortgage Credit Certificate Program (MCC). These programs allow the lenders to be more flexible in meeting the specific needs of first-time homebuyers. Through these programs, lenders can help buyers with either downpayment assistance or in obtaining a lower interest rate.

The IHDA First-Time Homebuyer Single-Family Program (MRB) offers homebuyers a reduced interest rate or downpayment assistance for their IHDA mortgage through the “Below Market Rate” program. The IHDA Mortgage Credit Certificate (MCC) program allows an eligible homebuyer to obtain a federal income tax credit on a portion of their mortgage interest paid each year for the life of the loan. A key change with the IHDA products in 2007 was the introduction of job loss protection insurance on the loan payment during the first three years of homeownership as well as IHDA’s indemnification of buyers for recapture if the buyer sells prior to the nine year affordability period.

In 2007, the City ceded one half (50%) of its bond cap to IHDA programs to be divided equally between the MRB or MCC programs. To participate in the IHDA homebuyer programs for 2008, the City would need to transfer all or a portion of its bond allocation to IHDA. If the City decides to participate in this program, loans would be available beginning around June 1, 2008.

City staff meets regularly with the Community Reinvestment Group (CRG) to identify strategies and facilitate activities that help provide affordable housing opportunities in the area. The CRG consists of area lenders, non-profit housing developers, credit counselors and staff from the City of Urbana, Champaign County and the City of Champaign. During the March 2008 CRG meeting, staff requested lender feedback regarding the use of bond cap authority for the various homebuyer programs. Consensus among the CRG representatives was that the Assist and IHDA programs would be beneficial to the community. Providing funding for the various programs at the recommended levels will help provide more diverse opportunities for down payment assistance to qualified first-time home buyers.

Options

To participate in the programs, the City must allocate its private activity bond authority for the year 2008. The City can cede as much or as little of its private activity bond cap to one or all of the following programs:

- Reserve private activity bond cap for the purpose of furthering neighborhood initiatives
- AssistUrbana Program
- First-Time Homebuyer Program (MRB)
- Mortgage Credit Certificate (MCC)

Fiscal Impacts

Allocating the private activity bond cap to these programs requires minimal expenditures to produce flyers for marketing. For the homebuyer assistance programs, some Community Development staff time to organize and market the programs will be required.

Under these programs, the City would realize an increase in property taxes from new Urbana homebuyers. Program administrative fees incurred by the bond counsels and by the City's bond consultants would be paid with bond proceeds. For homebuyer programs, the City would have no liability for bond repayment since the City would not be the bond issuer and all mortgage repayments would be government-insured.

Recommendation

Grants Management Division staff recommends that the CDC forward the Resolutions to the Urbana City Council with a recommendation for allocation of the City of Urbana 2008 private activity bond cap in the following manner: \$1,642,966 to be utilized for the Assist Program; \$821,482 to be utilized for the IHDA First Time Homebuyer (MRB) Program; and \$821,482 to be utilized for the IHDA Mortgage Credit Certificate (MCC) Program.
