B10a. From **CONSOLIDATED PLAN FOR PROGRAM YEARS 2010-2014: GOALS, STRATEGIES, & ACTIVITIES (Attachment A)**, list the specific strategy or strategies your program addresses.

- Describe briefly how your program addresses each strategy as noted above:

Goal 5

Strategy Encourage and support appropriate area social service agencies to provide additional economic assistance for persons who pay out of pocket expenses.

Collaborative agreements and strong working relationships exist with Medicare as a SHIP site, Department of Health Care and Family Services, Veterans Administration, IL WorkNet, Family Service, PACE, Cumberland Senior Associates, empty tomb, local senior home repair programs, PeaceMeal and pharmacies. CCRPC as a Community Action Agency, and houses other programs such as Weatherization, LIHEAP, ISC. These relationships enable staff to advocate effectively on behalf of consumers that may need these services and locate financial assistance to address more complex needs.

Strategy to support area providers such as Senior Services Division of Champaign County Regional Planning in their efforts to provide supportive services to low income elderly in Urbana

CCRPC-Senior Services is a major provider of supportive services and information for seniors in Champaign County directly through its senior services programming and through leveraging other CCRPC programs. Annually, staff complete appointments for approximately 1500 low-income senior and disabled LIHEAP applicants, which affords the access for staff to assist people with other benefit applications as may be appropriate for their circumstances. Our relationship is strong with pharmacists, who refer individuals who need additional education or information on benefits, other community services or resources. CCRPC maintains local, state and federal relationships to remain knowledgeable about resources and benefits, to strengthen the network of services available to seniors, and to provide advocacy on behalf of seniors.

B11. Use Appendix B: Performance Measures, as a guide for the following questions:

- Describe the impact of your activity and the outcome(s) you hope to achieve
 - Create a Suitable Living Environment such as supporting, elderly health services by increased knowledge of the availability and access to public services for Medicare recipients (deemed eligible by age or history of chronic healthcare diagnoses).
 - Staff assesses for a broad range of services and informs how to access community programs and assist with applications as needed. As the future for public funding is uncertain and program eligibility rules change, accurate and current information on how to access services and programs for low and moderate income individuals becomes even more important.
- Explain how you will measure the long-term impact of the activity on Clients and/or the Community:
 - Collect information at intake to track number of individuals served and demographic information about these individuals (gender, age, geographic location, etc.)
 - Distribute and collect client satisfaction surveys
- Explain the indicators you will use to measure the impact on the Community or on the lives of persons assisted:
 - Number of individuals receiving information or assistance
 - Number of outreach locations/events
 - Responses on satisfaction surveys for feedback on services provided and proactively plan for future programming/quality improvement

B12. Does your organization meet one or more of these basic fundamental needs? (please check all that apply)

B13. Will this funding help build capacity in your organization and promote a long-term benefit in the organization or to the individuals that it serves, i.e can it be leveraged to get other grant funds, does it help build self-sufficiency in your clients? Please explain:

CCRPC requires some local matching funds for Federal and State grants, which this funding will provide. Individuals who are referred to Senior Services through any avenue can access a complete assessment and referral service for a wide variety of needs (one-stop intake). These funds specifically will leverage state training and expenses for SHIP activities by funding the staff costs.

C3. Please explain in narrative form how the requested funds will be used as shown in the budget summary (e.g. specific positions, type of communication costs, type of supplies, and description of equipment items in support of direct services). If your program generates program income, explain how these dollars are generated (ex. Late fees, counseling fees, transitional housing rent, ect.) For each position for which you are requesting full or partial funding, attach a current job description which includes the list of duties and the minimum qualifications for filling the position.

Due to reductions in federal program funding, in January we reduced our dedicated senior service staff by 1 FTE. Partial funding will decrease the number of individuals counseled and/or assisted with access to public benefits and number of outreach events in Urbana.

C4. Please explain how partial funding will impact your agency or program:
Senior Services is at program capacity; less funding would mean a larger waiting list.
