OTHERS PRESENT:

Melody Brucker, Insight Communications

CALL TO ORDER

Chairman Peterson called the Study Session to order at 7:35 a.m.

## AGENDA

The only item on the Agenda was the planning for the April 17, 2002 Cable Commission meeting.

Several specific items were added as sub-categories under Agenda #10, Report by the CATV System Operator. It was suggested that the System Operator be asked to provide some information about the following four topics:

1. Problems with unburied cables.
2. The recent FCC decision regarding cable modems.
3. Current price structure and schedule for future rate increases.
4. Customer Service and New Channels added.

The Cable Commission proposed 2002/2003 budget was included and it was explained that UI and Parkland have not been billed in recent years and perhaps their share should be a smaller percentage since the budget has been reduced.

The issue of Static Host IP address was discussed and will be added as an item under new business.

The meeting was adjourned at 8:45 a.m. until April 17, 2002, in the City of Champaign Council Chambers, 102 N. Neil Street, Champaign, IL.
