Adaptive capacity

Please identify the factors that most greatly effect your jurisdiction's adaptive capacity, and describe how each factor either enhances or challenges this ability

Factors	Enhance / challenge	Description
Access to basic services		
Access to healthcare		
Access to education		
Cost of living		
Housing		
Poverty		
Inequality		
Unemployment		
Public health		
Political stability		
Political engagement / transparency		
Government capacity		
Budgetary capacity		
Migration		
Safety and security		
Economic health		
Economic diversity		
Rapid urbanization		
Resource availability		
Environmental conditions		
Infrastructure conditions / maintenance		
Infrastructure capacity		
Land use planning		
Community engagement		
Access to quality / relevant data		

Type of the hazards you face, and		Please describe the overall impact of future hazards on your jurisdiction, and list the three critical assets or services that will be MOST affected by these impacts				
Timescale	Magnitude of impact	Description of impact	Asset or service I	Asset or service II	Asset or service III	
Short-term	Serious		Residential	Commercial		
Short-term	Less serious		Residential	Commercial		
Short-term	Serious	Damage to street trees	Energy			
Short-term	Less serious		Public Health			
Short-term	Less serious		Public Health			
Short-term	Less serious		Public Health			
Short-term	Less serious		Public Health			
Short-term	Less serious		Food & Agriculture
