

AN ORDINANCE REGARDING AIR CONTAMINATION

BE IT ORDAINED BY THE CITY COUNCIL OF URBANA, ILLINOIS,

that:

Section 1. Chapter 28 of the Urbana City Code is hereby repealed and the following is enacted in its stead.

"Sec. 28.1. Use of Ringlemann Chart.

For the purpose of grading the shade or density of smoke, the Ringlemann Chart, as now published and used by the U.S. Bureau of Mines, which is hereby adopted and made a part of this chapter by reference, shall be the standard."

"Sec. 28.2. Visual Emission Standards and Limitations for all Emission Sources.

No person shall cause or allow the emission of smoke or other particulate matter from any emission source into the atmosphere of any opacity greater than 30 percent. Exception: The emission of smoke or other particulate matter from any such emission source may have an opacity greater than 30 percent but not greater than 60 percent for a period or periods aggregating 8 minutes in any 60 minute period provided that such more opaque emissions permitted during any 60 minute period shall occur from only one such emission source located within a 1,000 foot radius from the center point of any other such emission source owned or operated by such person, and provided further that such more opaque emissions permitted from each such emission source shall be limited to 3 times in any 24 hour period."

"Sec. 28.3. Creation of smoke by burning garbage, refuse, etc.

Any person creating smoke by burning garbage or refuse or other material causing smoke which is injurious to the health or offensive to the public by reason of its smell, shall be deemed guilty of creating a nuisance. The density of the smoke or the actual physical damage done to residents shall be of no importance, and it shall not be necessary under this section that the smoke be of thirty (30%) percent density in accordance with the Ringlemann Chart, or that actual physical damage be proven in order to establish a violation."

"Sec. 28.4. Open burning.

Within the city limits, the open burning of any paper, leaves, refuse, garbage, or any other materials, including those from construction, demolition or alteration of any building, structure or equipment, is prohibited, except in the following instances:

- (b) In open fire places designed for cooking, and fires in outdoor cooking devices, when said fires are in fact being used for cooking purposes;
- (c) Fires used for recreational purposes such as campfires;
- (d) Fires authorized by permit from the fire chief, which said fire chief may issue in his discretion upon a showing of need for the removal of brush, debris or other materials where burning is the only feasible method.

No fire permitted by the above provisions may be used as an incinerator, or permitted to become a nuisance by reason of the emission of smoke, fumes, fly ash, dust or soot. Whenever a violation of this ordinance is found, the chief of police, or anyone he may duly authorize for such purposes is empowered and directed to cause the same to be summarily abated. Persons found in violation of this Ordinance may be fined pursuant to provisions of section 1.6 of this Code.

Section 2. The title of this Chapter 28 shall be changed to "Air Contamination".

Section 3. This Ordinance shall be in full force and effect from and after its passage and publication in accordance with the terms of Section 1 - 2 - 4 of the Illinois Municipal Code.
