NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF URBANA, CHAMPAIGN COUNTY, ILLINOIS, AS FOLLOWS:

Section 1. The Memorandum of Intent by and between the Municipality and the Lessee, for the Borrower, is hereby found to be in the best interests of the Municipality and is in all respects approved, ratified and confirmed.

Section 2. The acquisition, equipping and construction of the Project by the Borrower, the lending of the proceeds of the Bonds to the Borrower, and the leasing by the Borrower of the Project to the Lessee as hereinafter provided is hereby authorized and determined to be in the public interest and for a public purpose, namely, to relieve conditions of un-

employment and to encourage the increase and retention of industry and commerce in the Municipality, thereby reducing the evils attendant upon unemployment and to provide for the increased welfare and prosperity of the residents of the Municipality.

Section 3. For the purpose of paying the costs incurred by the Borrower in connection with the acquisition, equipping and construction of the Project, including necessary expenses incidental thereto, there is hereby authorized to be issued the revenue bonds of the Municipality in the aggregate principal amount of \$675,000 which bonds shall be designated "Industrial Project Revenue Bonds, Series A (Sully's Auto Center Project)" (the "Bonds"), in the denomination of \$1,000 or integral multiples thereof, and shall be payable as to principal and interest in lawful money of the United States of America at the principal office of the Trustee under the provisions of the Indenture.

The Bonds shall be issued as fully registered bonds in the denomination of \$1,000 or integral multiples thereof, or a Bond in the principal amount of \$425,000 and a Bond in the principal amount of \$250,000, shall be executed on behalf of the Municipality by the Mayor and attested by the City Clerk by their respective manual signatures; shall have the official seal of the Municipality impressed thereon; and shall be authenticated by the Trustee.

The Bonds shall be dated on or after December 1, 1981 and not later than the date of purchase by and delivery to the Original Purchasers thereof. With respect to the Bonds sold

to and purchased by The Commercial Bank, Champaign, Illinois, as one of the Original Purchasers, the Bonds shall bear interest on the unpaid principal amount (and not overdue) from the date thereof, and for a period of five years thereafter, at the rate per annum equal to seven percent (7%); and from and after the fifth year from the date of the Bonds, and for a period of five years thereafter, at the rate per annum equal to the average on such date (or immediately prior to such date if no determination can be made on such date), minus one percent (1%), of the interest rate borne by five-year government notes as published by the St. Louis Federal Reserve Bank; and from and after the tenth year from the date of the Bonds, and for a period of five years thereafter, at the rate per annum equal to the average on such date (or immediately prior to such date if no determination can be made on such date), minus one percent (1%), of the interest rate borne by five-year government notes as published by the St. Louis Federal Reserve Bank (collectively the "Interest Rate"). With respect to the Bonds sold to and purchased by The Champaign National Bank, Champaign, Illinois, as one of the Original Purchasers, the Bonds shall bear interest on the unpaid principal amount (and not overdue) from the date thereof, and for a period of five years thereafter, at the rate per annum equal to eleven and one-half percent (11.5%); and from and after the fifth year from the date of the Bonds, and for a period of five years thereafter, at the rate per annum equal to the average on such date (or immediately prior to such date if no determination can be made

on such date), minus one percent (1%), of the interest rate borne by five-year government notes as published by the St. Louis Federal Reserve Bank; and from and after the tenth year from the date of the Bonds, and for a period of five years thereafter, at the rate per annum equal to the overage on such date (or immediately prior to such date if no determination can be made on such date), minus one percent (1%), of the interest rate borne by five-year government notes as published by the St. Louis Federal Reserve Bank (collectively the "Interest Rate"). In the event, for any reason at the fifth or tenth year after the date of the Bonds, the basis upon which the Interest Rate is determined is not subject to determination, the Bonds shall bear interest at the rate per annum equal to the rate previously in effect for a period of ninety days, after which the Bonds shall mature and come due unless within such ninety days the Municipality, the Borrower, the Lessee, the Trustee, and the holder or holders of one hundred percent of the aggregate principal amount of the Bonds then outstanding at such time agree to a new or different interest rate or basis for the determination of the Interest Rate. The Bonds shall bear interest, and at a rate equal to the Overdue Rate as hereinafter defined, but in no event more than the interest rate allowed by law, or by the hereinafter mentioned Enabling Ordinance, until paid on any overdue principal and premium and (to the extent that the payment of such interest shall be legally enforceable) on any overdue payment of interest, except as the provisions hereinafter set forth with re-

spect to redemption or prepayment prior to maturity may become applicable hereto. Both principal of and interest on the Bonds are payable in lawful money of the United States of America at the principal corporate trust office of The Commercial Bank, 201 W. University Avenue, Champaign, Illinois 61820, Attention: Trust Department, as Trustee, or its successor in trust under the Indenture. Payments of principal shall come due or mature in payments or installments at such times and in such amounts as set forth in the Indenture. In connection herewith interest on any overdue principal or any overdue interest shall be at the hereinafter defined Overdue Rate, but in no event more than the highest percentage allowed by law. The "Overdue Rate" shall be the rate per annum equal to the Interest Rate at the time plus twelve percent (12%).

Section 4. The Bonds shall be limited obligations of the Municipality payable solely out of the revenues and receipts to be derived from the Loan Agreement, the Mortgage, the Note, the Lease Agreement, and any guaranty in connection therewith. No holder of any Bond shall ever have the right to compel any exercise of the taxing power of the Municipality to pay any Bond or the interest or premium, if any, thereon and such Bonds shall not constitute an indebtedness of the Municipality or a loan of credit thereof within the meaning of any constitutional or statutory provision. It shall be plainly stated on the face of the Bonds that they have been issued under the provisions of the Enabling Ordinance and that they do not constitute an indebtedness of the Municipality or a

loan of credit thereof within the meaning of any constitutional or statutory provisions.

Nothing in this Bond Ordinance, the Loan Agreement, the Note, the Mortgage, the Lease Agreement, the Indenture, or other document executed in connection therewith shall be construed as an obligation or commitment by the Municipality to expend any of its funds other than (i) the proceeds of the sale of the Bonds, (ii) the revenues and receipts to be derived from the Loan Agreement, the Mortgage, the Note, the Lease Agreement, or any guaranty in connection therewith, and (iii) any moneys arising out of the investment or reinvestment of said proceeds, rents, revenues or moneys.

Section 8. It is hereby found, determined and declared by the City Council that the amounts payable under the Loan Agreement and the Note are the amounts necessary in each year to pay the principal of and interest on the Bonds and that the payments and other monetary obligations undertaken by the Borrower in the Loan Agreement and the Note are sufficient to satisfy the obligations required by the Enabling Ordinance to be undertaken by the Borrower. No reserve funds or depreciation accounts are required to be established by the Municipality in connection with the retirement of the Bonds and the operation and maintenance of the Project. The Loan Agreement provides that the Borrower shall own, operate and maintain the Project.
