

ORDINANCE NO. 9495-84

AN ORDINANCE AMENDING CHAPTER FOURTEEN OF THE CODE OF ORDINANCES,  
CITY OF URBANA, ILLINOIS REGARDING THE SCHEDULE OF FEES

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF URBANA,  
ILLINOIS, as follows:

Section 1. That Section 14-7, "Schedule of fees", of the Code of Ordinances, City of Urbana, Illinois, is hereby amended to read as follows:

Sec. 14-7. Schedule of fees.

(A) The schedule of fees for the various licenses, permits, fines, and other fees required under this Code or as otherwise established by law shall be on file with the City Clerk and shall be available for public inspection or copying. The schedule of fees shall remain in effect until amended by a duly enacted ordinance of the City Council.

(B) The City Comptroller shall periodically review the schedule of fees and may propose a new schedule of fees for the various licenses, permits, fines, and other fees required under this Code or as otherwise established by law.

(C) A written copy of the proposed schedule of fees shall be filed with the City Clerk at least thirty days prior to final action by the City Council. The City Clerk shall promptly mail a copy of the proposed schedule to each member of the City Council. The City Clerk shall make a copy of such schedule available for public inspection or copying.

(D) Notice of the availability for inspection of the proposed schedule of fees shall be given by publication in a newspaper having a general circulation in the city at least fourteen (14) days prior to final action by the City Council.

Section 2. That the attached "Schedule of Fees - Effective 7/1/95" is hereby approved and shall remain in effect until a new schedule is approved pursuant to the procedures adopted in Section 1 of this Ordinance.

Section 3. Sections 1 and 2 of this Ordinance shall be effective on July 1, 1995.

Section 4. All ordinances, resolutions, motions, or parts thereof, in conflict with the provisions of this Ordinance are, to the extent of such conflict, hereby repealed.

Section 5. This Ordinance shall not be construed to affect any suit or proceeding pending in any court, or any rights acquired, or a liability incurred, or any cause or causes of action acquired or existing prior to the effective date of this Ordinance; nor shall any right or remedy of any character be lost, impaired, or affected by this Ordinance.

Section 6. The City Clerk is directed to publish this Ordinance in pamphlet form by authority of the corporate authorities, and this Ordinance shall be in full force and effect from and after its passage and publication in accordance with Section 1-2-4 of the Illinois Municipal Code.

This Ordinance is hereby passed by the affirmative vote, the "ayes" and "nays" being called, of a majority of the members of the Council of the City of Urbana, Illinois, at a regular meeting of said Council.

PASSED by the City Council this 20th day of March, 1995.

AYES: Hayes, Patt, Pollock, Ryan, Taylor, Whelan

NAYS: Singer

#### (E) BUILDINGS AND STRUCTURES

1. Building permits: The building permit fees for the new construction of or additions to a building or structure are nonrefundable and shall be calculated as follows:

- (a) New construction of a single-family detached dwelling. The permit fee shall be two hundred fifty dollars (\$250.00) for a building up to two thousand five hundred (2,500) square feet and three hundred twenty-five dollars (\$325.00) for a building above two thousand five hundred (2,500) square feet.
- (b) New construction of a two-family detached dwelling. The permit fee shall be two hundred seventy-five dollars (\$275.00) for a building up to two thousand five hundred (2,500) square feet and three hundred fifty dollars (\$350.00) for a building above two thousand five hundred (2,500) square feet.
- (c) Additions to a single-family or two-family detached dwelling. The permit fee shall be calculated at the rate of one dollar and fifty cents (\$1.50) per thousand dollars (\$1,000.00) of the estimated costs for the project.
- (d) New construction or additions, other than single-family or two-family detached dwellings. The permit fee shall be calculated by inputting the appropriate data into the Permit Fee Schedule Formula as outlined below.

**Permit Fee = Building Gross Area x Gross Area Modifier x Type of Construction Factor x Permit Fee Multiplier**

Input into the formula is based upon the following: the building area is determined from the construction drawings; the current area modifier and the type of construction factor are based upon the

information published from time to time by the Building Officials and Code Administrators, International, Incorporated in its publication entitled "Building Officials and Code Administrators Magazine"; and the permit fee multiplier as established by the City of Urbana is .00177. A current copy of the current area modifier and type of construction factor information is available from the Building Safety Division.

2. Tent permit: A permit for the erection of a tent having a gross area of four hundred (400) square feet or more shall cost fifteen dollars (\$15.00)
3. Utility/miscellaneous occupancies: A permit for the erection of building or structure housing a utility/miscellaneous (U) occupancy other than a tent including garages shall cost a fee computed at the rate of four dollars (\$4.00) per thousand dollars (\$1,000.00) of estimated cost, but not less than thirty dollars (\$30.00), except for sheds, decks and fences, for which a fee of fifteen dollars (\$15.00) is required. No fee shall be required for sheds which are less than one hundred (100) square feet and which do not have permanent foundations or decks of less than one hundred (100) square feet.
4. Alteration/renovation: The fee for a permit for the alteration, renovation and/or remodeling of a building or structure shall be computed at the rate of four dollars (\$4.00) per thousand (\$1,000.00) of the estimated cost not including electrical, plumbing, and heating ventilating and air-conditioning, but not less than thirty dollars (\$30.00), except the fee for a permit to replace a roof, which such fee shall be computed at the rate of one dollar and fifty cents (\$1.50) per thousand dollars (\$1,000.00) of the estimated cost, with a thirty dollar (\$30.00) minimum permit fee.
5. Demolition: The fee for a permit for the demolition of a building or structure other than an accessory building including detached garages shall be at the rate of six dollars (\$6.00) per thousand dollars (\$1,000.00) of the estimated cost of demolition, but not less than seventy-five dollars (\$75.00). The permit fee for the demolition of an accessory or temporary structure under eight hundred (800) square feet shall be thirty dollars (\$30.00), except that the building official may waive the permit fee where there is no foundation or floor to be removed, where there is no significant grading to be done or where the work shall be insignificant.
6. Vacant structures registration (every six (6) months). . . \$ 120.00
7. Moving permit/building permit: A moving permit shall be issued by the building official in conjunction with the required building permit for all buildings or structures which are moved and do not cross or occupy any street, alley or public right-of-way. The fee for the moving permit/building permit shall be computed at the rate of four dollars (\$4.00) per thousand dollars (\$1,000.00) of the

estimated cost. The estimated cost shall include the cost of the moving along with the costs for excavation, footings and foundations, site work and all structural or nonstructural remodeling as described in item (4) above. The minimum permit fee shall be thirty dollars (\$30.00).

8. Estimated cost: The term "estimated cost" as used in this subsection (E) includes the cost of all services, labor, materials, use of scaffolding and any other appliances or devices entering into and necessary to the prosecution and completion of the work ready for occupancy. This shall include all costs to the owner. Contractor profit is not excluded.
9. Work without a permit: For all work commenced without a permit for which a building permit is required, a one hundred dollar (\$100.00) penalty fee will be charged in addition to the regular prescribed fee. Such work must comply with all other requirements of the building code.
10. Plan review fee schedule: The plan review fee applies to all plans for new construction, including additions. Such plan reviews include a review of all applicable city regulations including but not limited to zoning, building, electrical, plumbing and HVAC regulations. The fee does not include special flood hazard area reviews. (See item #11 below.) Plan review fees shall be nonrefundable and shall be computed as follows:

Volume (cubic feet)	Plan Review Fee
0- 10,000	\$ 95.00
10,001- 20,000	\$ 130.00
20,001- 40,000	\$ 160.00
40,001- 60,000	\$ 200.00
60,001- 80,000	\$ 240.00
80,001- 100,000	\$ 275.00
100,001- 150,000	\$ 310.00
150,001-200,000	\$ 350.00
Over 200,000	\$ 350.00 plus \$5.00 for each 10,000 cubic feet over 200,000

Plan review for assembly (A) and institutional (I) uses and mercantile covered malls over five thousand (5,000) square feet shall be one and one-half (1 1/2) times the fees as computed from the table above.

In addition to the plan review fees indicated above, the building official may charge an additional fee for outside professional plan review services. Such outside plan review services may be contracted where the building official determines it is in the best interest of the city to do so. Additional fee(s) for outside services shall be based upon the actual costs for such services.

Remodeling and/or renovation plan review fees shall be charged on remodeling or renovation projects exceeding twenty thousand dollars (\$20,000.00) at the rate of 0.004 times the cost of the project.

Plan review fees shall accompany the application and are nonrefundable. Single- and two-family detached dwellings and utility/miscellaneous (U) occupancies, including residential garages, shall be exempt from plan review fees. The building official may waive the plan review fee for structures under five thousand (5,000) cubic feet in cases involving minor structural repairs or the remodeling of existing buildings.

- 11. Special flood hazard area development plan review fee: The fee for a development plan review pursuant to section 5-500 of this Code shall be seventy-five dollars (\$75.00). This fee shall be in addition to other plan review fees.
- 12. Special permits for elevators, dumbwaiters and conveyance equipment:
  - (a) Installation permit: For each conveyance device, an installation permit shall be obtained, as required in the Building Code. The fee for such permit shall be seventy-five dollars (\$75.00) and shall include all necessary electrical, plumbing and HVAC work directly involved with the installation. The building official may reduce this fee by twenty (20) percent for multiple installations of the same nature and location. The installation permit fee includes the annual operating permit fee for the first year.
  - (b) Annual operating permit: For each conveyance device, as referenced in the Building Code, an annual operating permit shall be required for which the fee shall be thirty-five dollars (\$35.00) annually. Such fee shall become due on July 1 of each year.
- 13. Exterior storage of construction materials temporary permit. . . . . . \$ 75.00

(F) ELECTRICAL

- 1. Fees: Fees for electrical permits, testing and registration are nonrefundable and shall be rounded to the nearest whole dollar cost and shall be charged according to the following tables:
  - (a) Annual permit. . . . . \$ 75.00
  - (b) Temporary service permit (when included with permanent service permit). . . . . \$ 25.00
  - (c) Minimum permit fee . . . . . \$ 30.00
  - (d) Motor and/or heating up to 10 hp . . . . . \$ 20.00
  - (e) Each additional 10 hp or fraction thereof. . . . . \$ 20.00
  - (f) Electrical remodeling permit fees for projects of greater cost than \$3,000.00 estimated cost shall

be calculated at the rate of 1.5% of the estimated cost of the project. This rate shall apply whenever a service or subpanel is not being installed as a part of the electrical remodeling work.

All permanently installed machinery appliances, etc., shall be calculated on their individual nameplate kilowatt requirements. Each kilowatt of electric load shall be considered one horsepower for fee purposes. The minimum fee for any electrical permit shall be thirty dollars (\$30.00)

2. Fire alarm system (electrical permit): Shall include required fire alarm systems (manual and automatic) and shall also include all supervision or transmit/tie-in systems for fire suppression systems: 1.5% of the estimated cost of the project, with a minimum fee of thirty dollars (\$30.00).
3. Work without a permit: For all work commenced without a permit for which an electrical permit is required, a one hundred dollar (\$100.00) penalty fee will be charged in addition to the regular prescribed fee, and the work shall comply with all requirements of this code.
4. Fees for new services: The fee(s) for new services to be installed in new buildings and the fee(s) for new services to be installed in existing buildings shall be calculated in accordance with the fees indicated in the schedule below. These fees shall cover all wiring complete with fixtures, devices and all associated equipment installed by the permit holder for the wiring of the building, structure or premises, but does not cover the fees for installation of devices and/or equipment furnished and installed by others, nor fire alarm systems.

For service ratings other than those listed, the fee shall be that of the next largest size. Three-phase services shall be calculated at the equivalent single-phase service size below two thousand (2,000) amps.

5. Where a building is already in use and has a meter previously installed, a permit for up to four (4) additional outlets or fixtures shall be secured at no charge for the inspection. A 220-volt outlet shall count as two (2) additional outlets.
6. Combination and multiple services are to be computed as individual services, according to the capacity of each separate service.
7. Testing and registration of electrical contractors:
  - (a) The application fee for the electrical test shall be twenty-five dollars (\$25.00) and shall be required each time the test is taken.
  - (b) Initial registration of electrical contractors: The initial registration fee for registration as an electrical contractor shall be one hundred dollars (\$100.00). Contractors who shall apply for registration during the last half of the fiscal year (January 1 through June 30), shall submit a fee of seventy-five dollars (\$75.00).
  - (c) Annual renewal of registration:
    1. An annual fee of one hundred dollars (\$100.00) shall become due each fiscal year following initial registration and shall be paid on or by July 1 of each year.

2. Contractors who shall apply for renewal after July 31, shall submit a fee of two hundred dollars (\$200.00).
- (d) Contractors who are registered or licensed in other jurisdictions and qualify for a reciprocal license shall submit a fee of seventy-five dollars (\$75.00) and copy of their license or registration from the reciprocal jurisdiction.

(G) PLUMBING

1. Fee schedule: The permit fees for all plumbing work shall be derived from the following table (P1).

3. For all work commenced without a permit for which a plumbing permit is required, a one hundred dollar (\$100.00) penalty fee will be charged in addition to the regular prescribed fee and such work shall comply with all applicable codes.

A single permit shall not be issued for work which will occur at more than one address or structure. Each building/address shall require a separate permit to which minimum fees apply.

(H) MECHANICAL

1. Fee schedule: The permit fees for all mechanical work shall be determined by the estimated cost of the mechanical installations and work being performed. ("Estimated cost" shall mean the cost of all services, labor, materials and equipment used to complete the work/installation.)

Mechanical permit fees shall be one percent (1%) of the "estimated cost" of the installation or work (see definition of estimated cost). The minimum mechanical permit fee shall be forty-five dollars (\$45.00), except as provided in subsections (2) and (6).

Mechanical work and installations shall include: Heating, ventilation, air conditioning, refrigeration, fire suppression and related installations governed by and defined within the scope of the mechanical codes adopted by reference in the mechanical ordinance.

2. Fireplace, woodstove and other solid fuel burning equipment installations shall require a mechanical permit. The permit fee shall be thirty dollars (\$30.00) per unit.
3. All mechanical permit fees shall be nonrefundable.
4. A mechanical permit shall authorize work to be performed at only one address or structure. Each building/address where work is to be performed shall require a separate permit to which minimum fees apply.
5. Domestic fire suppression systems: Sprinklers supplied by the domestic water service, and installed only as spot protection in mechanical and storage rooms in commercial and multifamily occupancies, and all sprinklers installed in one- and two-family dwellings shall be considered as plumbing work and are subject to plumbing permit fee schedule.
6. Miscellaneous: Mechanical installations or work with a total cost of five hundred dollars (\$500.00) or less shall require a thirty-dollar (\$30.00) minimum mechanical permit fee.
7. For all work commenced without a permit for which a mechanical permit is required, a one hundred dollar (\$100.00) penalty fee will be charged in addition to the regular prescribed fee, and the work shall comply with all applicable codes.
