(E) BUILDINGS AND STRUCTURES

1. Building permits: The method of fee calculation for building permits issued for new construction projects and additions, except for one and two-family dwellings, shall be based upon the Type of Construction Method as published from time to time by the Building Officials and Code Administrators International, Incorporated, in its publication entitled "Building Officials and Code Administrators Magazine." Such fees are nonrefundable.

- (a) New construction or additions, other than single-family or two-family detached dwellings. The permit fee shall be calculated by inputting the appropriate data into the Permit Fee Schedule Formula as outlined below.

Permit Fee = Building Gross Area x Gross Area Modifier x Type of Construction Factor x Permit Fee Multiplier

Input into the formula is based upon the following: the building area is determined from the construction drawings; the current area modifier and the type of construction factor are based upon the information published from time to time by the Building Officials and Code Administrators, International, Incorporated in its publication entitled "Building Officials and Code Administrators Magazine"; and the permit fee multiplier as established by the City of Urbana is .00177. A current copy of the current area modifier and type of construction factor information is available from the Building Safety Division.

- (b) Additions to a single-family or two-family detached dwelling. The permit fee shall be calculated at the rate of five dollars (\$5.00) per one thousand dollars (\$1,000.00) of the estimated costs for the project.

- (c) Single-family detached dwellings: A permit for a single-family detached dwelling shall cost two hundred seventy-five dollars (\$275.00) for a building up to two thousand five hundred (2,500) square feet and three hundred fifty dollars (\$350.00) for a building above two thousand five hundred (2,500) square feet.
- (d) Two-family detached dwellings: A permit for a two-family detached dwelling shall cost three hundred dollars (\$300.00) for a building up to two thousand five hundred (2,500) square feet and three hundred seventy-five dollars (\$375.00) for a building above two thousand five hundred (2,500) square feet.
2. Tent permit: A permit for the erection of a tent having a gross area of four hundred (400) square feet or more shall cost twenty dollars (\$20.00).
3. Utility/miscellaneous occupancies: A permit for the erection of building or structure housing a utility/miscellaneous (U) occupancy other than a tent including garages shall cost a fee computed at the rate of five dollars (\$5.00) per one thousand dollars (\$1,000.00) of estimated cost, but not less than thirty-five dollars (\$35.00), except for sheds, decks and fences, for which a fee of twenty dollars (\$20.00) is required. No fee shall be required for sheds which are less than one hundred (100) square feet and which do not have permanent foundations or decks of less than one hundred (100) square feet.
4. Alteration/renovation: The fee for a permit for the alteration, renovation and/or remodeling of a building or structure shall be computed at the rate of five dollars (\$5.00) per one thousand (\$1,000.00) of the estimated cost not including electrical, plumbing, and heating ventilating and air-conditioning, but not less than thirty-five (\$35.00), except the fee for a permit to replace a roof, which such fee shall be computed at the rate of two dollars (\$2.00) per one thousand dollars (\$1,000.00) of the estimated cost, with a thirty-five dollar (\$35.00) minimum permit fee.
5. Demolition: The fee for a permit for the demolition of a building or structure other than an accessory building including detached garages shall be at the rate of seven dollars (\$7.00) per one thousand dollars (\$1,000.00) of the estimated cost of demolition, but not less than ninety dollars (\$90.00). The permit fee for the demolition of an accessory or temporary structure under eight hundred (800) square feet shall be thirty-five dollars (\$35.00), except that the building official may waive the permit fee where there is no foundation or floor to be removed, where there is no significant grading to be done or where the work shall be insignificant.
6. Vacant structures registration (every six (6) months) . . \$ 140.00

7. Moving permit/building permit: A moving permit shall be issued by the building official in conjunction with the required building permit for all buildings or structures which are moved and do not cross or occupy any street, alley or public right-of-way. The fee for the moving permit/building permit shall be computed at the rate of five dollars (\$5.00) per one thousand dollars (\$1,000.00) of the estimated cost. The estimated cost shall include the cost of the moving along with the costs for excavation, footings and foundations, site work and all structural or nonstructural remodeling as described in item four (4) above. The minimum permit fee shall be thirty-five dollars (\$35.00).
8. Estimated cost: The term "estimated cost" as used in this subsection (E) includes the cost of all services, labor, materials, use of scaffolding and any other appliances or devices entering into and necessary to the prosecution and completion of the work ready for occupancy. This shall include all costs to the owner. Contractor profit is not excluded.
9. Work without a permit: For all work commenced without a permit for which a building permit is required, the permit fee will be doubled with a one hundred dollar (\$100.00) minimum. Such work must comply with all other requirements of the building code.
10. Plan review fee schedule: The plan review fee applies to all plans for new construction, including additions. Such plan reviews include a review of all applicable city regulations including but not limited to zoning, building, electrical, plumbing and HVAC regulations. The fee does not include special flood hazard area reviews. (See item #11 below.) Plan review fees shall be nonrefundable and shall be computed as follows:

Volume (cubic feet)	Plan Review Fee
0- 10,000	\$ 130.00
10,001- 20,000	\$ 160.00
20,001- 40,000	\$ 200.00
40,001- 60,000	\$ 240.00
60,001- 80,000	\$ 275.00
80,001- 100,000	\$ 310.00
100,001- 150,000	\$ 350.00
150,001-200,000	\$ 390.00
Over 200,000	\$ 390.00 plus \$5.00 for each 10,000 cubic feet over 200,000

Plan review for assembly (A) and institutional (I) uses and mercantile covered malls over five thousand (5,000) square feet shall be one and one-half (1 1/2) times the fees as computed from the table above.

In addition to the plan review fees indicated above, the building official may charge an additional fee for outside professional plan review services. Such outside plan review services may be contracted where the building official determines it is in the best interest of the city to do so. Additional fee(s) for outside services shall be based upon the actual costs for such services.

Remodeling and/or renovation plan review fees shall be charged on remodeling or renovation projects exceeding twenty thousand dollars (\$20,000.00) at the rate of 0.005 times the cost of the project.

Plan review fees shall accompany the application and are nonrefundable. Single- and two-family detached dwellings and utility/miscellaneous (U) occupancies, including residential garages, shall be exempt from plan review fees. The building official may waive the plan review fee for structures under five thousand (5,000) cubic feet in cases involving minor structural repairs or the remodeling of existing buildings.

11. Special flood hazard area development plan review fee: The fee for a development plan review pursuant to section 5-500 of this Code shall be seventy-five dollars (\$75.00). This fee shall be in addition to other plan review fees.
12. Special permits for elevators, dumbwaiters and conveyance equipment:
 - (a) Installation permit: For each conveyance device, an installation permit shall be obtained, as required in the Building Code. The fee for such permit shall be eighty dollars (\$80.00) and shall include all necessary electrical, plumbing and HVAC work directly involved with the installation. The building official may reduce this fee by twenty (20) percent for multiple installations of the same nature and location. The installation permit fee includes the annual operating permit fee for the first year.
 - (b) Annual operating permit: For each conveyance device, as referenced in the Building Code, an annual operating permit shall be required for which the fee shall be thirty-five dollars (\$35.00) annually. Such fee shall become due on July 1 of each year.
13. Exterior storage of construction materials temporary permit. \$ 75.00

(F) ELECTRICAL
