AGREEMENT

This agreement entered into this 15th day of Feb., A.D., 2001, by and between the STATE OF ILLINOIS, acting by and through its DEPARTMENT OF TRANSPORTATION hereinafter called the STATE, and the City of Urbana, of the State of Illinois, hereinafter called the CITY.

WITNESSETH

WHEREAS, the STATE in order to facilitate the free flow of traffic and insure safety to the motoring public, is desirous of improving a portion of FAP Route 800 & 808 /US Route 45(Cunningham Avenue, University Avenue and Vine Street) known as State Section 3R-N; City Section 00-00363-00-TL; the improvements shall consist of widening and resurfacing University Avenue to provide two though traffic lanes in each direction, two eastbound left turn lanes, an eastbound right turn lane, a westbound left turn lane, and westbound right turn lane; widening and resurfacing Cunningham Avenue to provide two though traffic lanes in each direction, a southbound left turn lane, and two southbound right turn lanes; resurfacing Vine Street and making geometric improvements; modernizing the existing traffic signals at the intersection of University Avenue with Cunningham Avenue, including the installation of Emergency Vehicle Pre-emption System requested by the CITY; removing and replacing concrete median on the south Vine Street approach requested by the City; removing and replacing curb and gutters; and by performing all other work necessary to complete the improvement in accordance with the approved plans and specifications; and

WHEREAS, the CITY is desirous of said improvement in that same will be of immediate benefit to the CITY residents and permanent in nature;

NOW, THEREFORE, in consideration of the mutual covenants contained herein, the parties hereto agree as follows:

1. The STATE agrees to make the surveys, obtain all necessary rights of way, prepare plans and specifications, receive bids and award the contract, furnish engineering inspection during construction and cause the improvement to be built in accordance with the plans, specifications and contract.
2. The STATE agrees to pay for all right-of-way, construction and engineering costs, subject to reimbursement by the CITY as hereinafter stipulated.

3. It is mutually agreed by and between the parties hereto that the estimated cost and cost proration for this improvement is as follows:

Participation and reimbursement shall be predicated by the percentages shown in the Table of Cost for the specified work. Cost shall be determined by multiplying the final quantities times contract unit prices plus 15% for construction and preliminary engineering.

Participation toward the traffic signals shown in the Table of Cost, excluding the Emergency Pre-emption System, shall not exceed \$4,313, which represents 125% of their estimated construction and engineering cost.

4. The CITY has elected to use MFT funds to pay their share of the cost for this improvement, a copy of which is attached hereto as "Exhibit A" and made a part hereof.
5. The CITY has adopted and will put into effect an appropriate ordinance, prior to the STATE's advertising for the proposed work to be performed hereunder, or shall continue to enforce an existing ordinance, requiring that parking be prohibited within the limits of this improvement, a copy of which is attached hereto as "Exhibit B" and will in the future prohibit parking at such locations on or immediately adjacent to this improvement as may be determined necessary by the STATE from traffic capacity studies. ✓
6. The CITY has adopted and will put into effect an appropriate ordinance, prior to the STATE's advertising for the proposed work to be performed hereunder, or shall continue to enforce an existing ordinance, prohibiting the discharge of sanitary sewage and industrial waste water into any storm sewers constructed as a part of this improvement, a copy of which is attached hereto as "Exhibit C" ✓
7. Prior to the STATE advertising for the work proposed hereunder, the disposition of encroachments will be cooperatively resolved with representatives from the CITY and the STATE.

The CITY has adopted and will put into effect an appropriate ordinance, prior to the STATE's advertising for the proposed work to be performed hereunder, or shall continue to enforce an existing ordinance, relative to the disposition of encroachments and prohibiting, in the future, any new encroachments within the limits of the improvements, a copy of which is attached as "Exhibit D".

The CITY agrees not to permit driveway entrance openings to be made in the curb, as constructed, or the construction of additional entrances, private or commercial, along Univercity Avenue and Cunningham Avenue without the consent of the STATE.

8. The CITY shall exercise its franchise rights to cause private utilities to be relocated, if required, at no expense to the STATE.
9. The CITY agrees to cause its utilities installed on right of way after said right of way was acquired by the STATE or installed within the limits of a roadway after the said roadway's jurisdiction was assumed by the STATE, to be relocated and/or adjusted, if required, at no expense to the STATE.

10. Upon final field inspection of the improvement and so long as University Avenue and Cunningham Avenue (U.S. Route 45/150) are used as a State Highway, the STATE agrees to maintain or cause to be maintained the concrete median, the through traffic lanes lying on either side of the median, and the left-turn and right-turn lanes; and the curb and gutter or stabilized shoulders and ditches adjacent to those traffic lanes and turn lanes.
11. Upon final field inspection of the improvement, the CITY agrees to maintain or cause to be maintained those portions of the improvement which are not maintained by the STATE, including sidewalks, parkways, guardrails, crosswalk and stopline markings, CITY owned utilities including appurtenances thereto; highway lighting including furnishing the electrical energy therefore and shall maintain the storm sewers and appurtenances by performing those functions necessary to keep the sewer in a serviceable condition including cleaning sewer lines, inlets, manholes, and catch basins along with the repair or replacement of inlet, manhole and catch basins' frames, grates or lids, plus structural failures to a maximum length of 3.66 meters (12 feet) between adjacent manholes. The maintenance, repair and/or reconstruction of storm sewers constructed as part of this improvement beyond the aforescribed responsibilities shall be that of the STATE.

The CITY further agrees to maintain the sodded portions of barrier median, which is understood to include repair and upkeep of the sodded areas, together with mowing and watering. Landscaping of the sodded median is not included in the maintenance and upkeep, but will require a separate permit if so desired.

12. Upon acceptance by the STATE of the new traffic signal installation(s), the financial responsibility for maintenance and electrical energy for the operation of the traffic signals shall be proportioned as follows:

<u>Intersection</u>	<u>Level of Maint.</u>	<u>Maintenance</u>	<u>Elect. Energy</u>
University Avenue @ Cunningham Avenue	I		
STATE Share		100%	NA
CITY Share		NA	100%
University Avenue @ Broadway Avenue	I		
STATE Share		50	NA
CITY Share		50	100%

It is mutually agreed that the actual traffic signal maintenance will be performed by the CITY, either with its own forces or through an ongoing contractual agreement.

13. Upon acceptance by the STATE of the new traffic signal installation(s) included herein, the responsibility for maintenance and energy outlined above shall become a part of the Master Agreement executed by the State and the CITY on October 1st 1980 and the executed Amendment to extend the terms of said Master Agreement, for a 6 month period, starting as of July 20, 2000.
14. The STATE agrees to make arrangements with the local power company to furnish the electrical energy for the operation of the traffic signals. The CITY agrees to pay their proportionate share of this cost as billed by the local power company.
15. The CITY agrees to provide written approval of that portion of the plans and specifications relative to the CITY financial and maintenance obligations described herein, prior to the STATE's advertising for the aforescribed proposed improvement.
16. This AGREEMENT and the covenants contained herein shall be null and void in the event the contract covering the construction work contemplated herein is not awarded within the three years subsequent to execution of the agreement.

This agreement shall be binding upon and to the benefit of the parties hereto, their successors and assigns.
