B. ACTIVITY TO BE FUNDED: Attach additional sheets if necessary; please print or type.

B1. Fully describe the activity for which you are requesting funds:

Prairie Homes Inc. is requesting \$15,411 to install a new kitchen sink and countertops, cabinets and vinyl flooring, as well as four power flush toilets at one of our supported living group homes for individuals with developmental disabilities. These new updates will increase the accessibility and livability of our group home, provide a decent and suitable living environment for extremely low-and low-income individuals, and increase the quality of services available in the city of Urbana.

Prairie Homes Inc. facilitates the work of Developmental Services Center (DSC) by providing residential alternatives to persons with developmental disabilities and their families at one of our supported living group homes, located at 106 S. Hartle in Urbana. Although DSC and Prairie Homes Inc. are separate corporations with a separate and distinct Board of Directors, they work collectively towards the same overall mission – to enhance the lives of persons with disabilities by providing services and supports which enable them to live, work, learn and participate in their communities.

B2. Why are CDBG funds needed for this activity? The kitchen/dining room that is presently being used is in dire need of upgrades to offer the most accessible living environment currently available. The kitchen was installed during the building process in 1989 and through the 20+ years of use, it is now time for necessary upgrades. The upgrades in the kitchen will include new cabinetry, countertops, sink and vinyl flooring throughout the kitchen and dining area. The current toilets frequently become clogged due to the medical conditions of the consumers living in the home. Without the support of CDBG funding, these types of upgrades are very difficult to implement.

B3. Maximum time anticipated to complete activity: Beginning Date: 08/01/2010
Ending Date: 09/01/2010

B4. Steps or phases necessary to complete activity (engineering/design, advertising, bidding, contract award, construction, etc.: bar charts, graphs, or narratives may be used and attached to this application). Design of new kitchen area, obtain cost estimations for project completion for kitchen and toilets (coordinated by DSC's Maintenance Director), advertise RFP, award contract and complete renovation.

B5. Quantify your anticipated accomplishments (e.g. 2,000 feet of storm sewer, 80 clients trained, 3000 meals served, etc.): The Hartle group home serves eight consumers and eight staff to support the consumers. This project will provide a new sink, 551 square ft of new vinyl flooring, new countertops, 19 new cabinets and four power flush toilets.

B6. Estimate the number of **total** persons or households that will benefit from implementation of this project:
8 Persons OR _____ Households

B7. Percentage of persons or households served who will be City of Urbana residents: 100 %

C. NATIONAL OBJECTIVE COMPLIANCE

C1. In order to ensure that the program meets the intent of the Federal Housing and Community Development Act of 1974, as amended and re-authorized by the National Affordable Housing Act of 1990, Congress has required that entitlement programs meet at least one of three national objectives, of which the City has decided to focus its activities on those that principally **benefit extremely low- and low-income persons.**

C2. Using the table below, please answer the following question: estimate the number of persons or households (please check one) served who will be extremely low, low & moderate-income:

7 Extremely low (<30% MFI) 1 Low (31-50%) _____ Moderate (51-80%)

FAMILY SIZE	EXTREMELY LOW INCOME 30% MFI	LOW INCOME 50% MFI	MODERATE INCOME 80% MFI
1	\$13,150	\$21,900	\$35,050
2	\$15,050	\$25,050	\$40,100
3	\$16,900	\$28,150	\$45,100
4	\$18,800	\$31,300	\$50,100
5	\$20,300	\$33,800	\$54,100
6	\$21,800	\$36,300	\$58,100
7	\$23,300	\$38,300	\$62,100
8	\$24,800	\$41,300	\$66,150

C3. Explain fully how you will document that you are providing services to persons/households who are extremely low-, low-, & moderate-income:
The residents of Hartle group home are served by Developmental Services Center (DSC). DSC's Finance Department documents each individual's rent monthly, which is determined by his/her income, both earned and through benefits; rent is re-determined every quarter to ensure the most accurate information is available.

D. PERFORMANCE MEASUREMENT

D1. Federal regulations also require all CDBG grantees to report annually on specific outcome indicators as mandated by the United States Dept. of Housing and Urban Development (HUD). HUD has developed a Community Planning and Development (CPD) Performance Measurement System to measure the impact of their federally funded programs.

D2. Which local funding priority does this project meet, as identified in the Five-Year Strategic Plan of the *City of Urbana Consolidated Plan for Program Years 2005-2009*? (See Page 2 for local funding priorities.)

A. Provide Decent Housing

B. To provide a suitable living environment

D3. Explain how the proposed project addresses the local funding priority listed above:

By upgrading the kitchen area and toilets, we are providing decent housing to individuals with developmental disabilities by offering the most accessible living environment possible. For individuals who may experience limited mobility and range of motion, providing updated accessible living conditions will help to support them in living their life as independently as possible. Through providing these upgrades we are ensuring decent housing and suitable living environments for each resident who calls Hartle their home.

D4. Explain how you will measure the proposed project's effectiveness at meeting this local funding priority:

The effectiveness of this project will be measured by each individual's ability to better access all items in the kitchen including the height of cabinets, type of cabinet hardware, countertop height, wheelchair accessibility throughout the kitchen area and a flooring surface free from dents and vinyl separation. Staff members will be able to attest to the greater ease of accessibility for each resident. The effectiveness of the new power flush toilets will be measured through the decreased frequency of maintenance and repair. In providing upgrades in both areas, we are ensuring decent housing and suitable living environments.

D5. Explain how you will measure the long-term impact of the activity on clients, participants, and/or community. What is the desired impact of your activity? What outcome(s) do you hope to achieve? What indicators will you use to measure the impact on the community, or on the lives of persons assisted?

The long-term **impact** of these upgrades will be measured through the consumers' abilities and interest in becoming more involved in meal preparation, kitchen clean-up and overall cooking abilities. With the upgrades completed, consumers will have opportunities to expand their kitchen abilities due to the increased levels of accessibility that will be implemented in the renovations. The **impact** of the replacement of the power flush toilets will allow for more regular use of all facilities instead of having an inoperable toilet due to clogging issues. Additionally, these upgraded toilets will save Prairie Homes, Inc. on-going operating costs of regular toilet repairs. The expected **outcomes** for the upgrades to the kitchen will include the opportunity for individuals to live life more independently by increasing their ability to participate in greater levels of meal preparation and clean-up. Furthermore, these opportunities will help to strengthen the social interactions between individuals within their home environment. The expected **outcome** for the new toilets will provide more regular use of all toilets and provide for fewer repairs. The **indicators** used to measure the long-term impact on the individuals' receiving services will include the notations of Hartle staff members' assessments of broader

kitchen use due to increased accessibility. Through these efforts, each individual will have the opportunity to live their life to greater levels of independence, which in turn, affects the overall quality of our community. The indicators used to measure the long-term impact of the toilets' effectiveness will be increased usage by all consumers living in the group home.

D6. Based on the intent of the activity, the applicant must determine which of the three objectives best describes the purpose of the activity. **(Please select only one):**

Suitable Living Environment – In general, this objective relates to activities that are designed to benefit communities, families or individuals by addressing issues in their living environment.

Decent Housing – This objective focuses on housing programs where the purpose of the program is to meet individual family or community needs.

Creating Economic Opportunities – This objective applies to the types of activities related to economic development, commercial revitalization, or job creation.

D7. Which of the following outcome categories describes your program/project/activity's purpose best of all? Outcomes are defined as observable changes in people, places or things as a result of a project's outputs. **(Please select only one):**

Availability/Accessibility- This outcome applies to making basic services, infrastructure, housing, shelter, or other basic needs accessible or available to low or moderate income people (to make where they live more suitable).

Affordability- This outcome applies to activities which provide affordability in a variety of ways in the lives of low and moderate income people.

Sustainability: To Promote Livable or Viable Communities- This outcome applies to projects where the activity or activities are aimed at improving a neighborhood by helping to make it livable or viable for principally low and moderate income people through multiple activities, or by providing services that sustain communities or sections of communities.

E. LEVERAGE / MATCH

E1. The applicant leveraging/match may be provided in the form of materials and/or labor, cash and/or other non-federal funding and must offer a minimum of 25% of the estimated project cost. The minimum percent of leveraging which is pledged for the project must be maintained, regardless of the amount of CDBG/HOME funds awarded.

E2. Source of applicant's leveraging:

<u>Prairie Homes, Inc.</u>	<u>\$ 5,137</u>
<u>(Cash from tenant rents)</u>	<u>\$</u>
<u></u>	<u>\$</u>

TOTAL \$ 5,137

E3. Calculate leveraging ratio as leverage offered divided by total project cost:

\$5,137 divided by \$20,548 equals 25 %

Note: CDBG funds, including previously awarded CDBG monies cannot be counted as leverage. Applicant's leverage funds must be spent prior to drawing on CDBG funds.

F. PAST LEVERAGING / MATCH PERFORMANCE

F1. All applicants are required to state the amount of funds or in-kind contributions provided by the applicant toward implementation of the last CDBG project funded and/or completed under the City of Urbana's program. Explain at the bottom of this page how your funds were expended (i.e. staff administration, engineering, construction, etc.)

F2. Provide budget for the last project funded through CDBG:

****The last project funded by the City of Urbana through CDBG funding was for C-U Independence for the fire sprinkler system project (completed in FY09); therefore the numbers below are representative of that project.***

Your funds: \$ 15,937.75

Total of Other funds \$ 0 (list sources below)

CDBG funds \$ 47,813.25

Total \$ 63,751.00

F3. Calculate leveraging ratio as leverage offered divided by total project cost:

15,937.75 divided by 63,751.00 equals 25 %

F4. List sources of other funds: N/A

F5. Explanation of how leverage funds were spent: Funds were used to complete the fire sprinkler system work that was not covered by the CDBG grant. Work included design, permit, field labor, shop and supervision completed by F.E. Moran and underground fire service completed by Extreme Mechanical. Also included were the sale and installation of the alarm system for the fire sprinkler system, completed by A1 Alarm.

G2. Please describe the effect on the proposed project if the City of Urbana grant is not awarded (i.e. unable to complete due to lack of funding; construction delayed; other resources utilized, etc.)

At this time due to the status of Illinois state funding and slow payments, if the City of Urbana does not fund our request, the necessary upgrades will not be completed due to the aforementioned lack of funding. While this project will remain a top priority for this home, we will be forced to continue to look for other funding sources while planning for minor upgrades as the current fixtures become unusable.

H3. ASSURANCES

As the Applicant, the undersigned assures the commitment to compliance with the following Regulations as outlined by HUD:

A. NATIONAL ENVIRONMENTAL POLICY ACT COMPLIANCE

Where necessary, in order to comply with the National Environmental Policy Act (NEPA) directives, applicants shall provide complete and accurate information about environmental issues relating to their proposed activity or project. Such information must be analyzed and demonstrate a thorough investigation of possible or actual implications as a result of the proposed project. Those agencies involved in housing production, rehabilitation and/or development shall document their files demonstrating compliance with NEPA and other environmental laws. Such files shall be complete and in accord with environmental regulations.

B. LEAD BASED PAINT / ASBESTOS

HUD requires proper removal and disposal of lead-based paint as a part of CDBG-assisted renovation/rehabilitation of public facilities built prior to 1978. HUD also requires proper removal and disposal of certain materials, including asbestos, as part of CDBG-assisted renovation/rehabilitation of public facilities. If the proposed project is seeking CDBG Public Facilities funds from the City of Urbana for renovation of an existing building or other public facility, provide photographs, aerial photographs, design specifications, plans/blueprints, elevation drawings, or site surveys to detail information about the proposed renovation.

C. DAVIS BACON AND RELATED ACTS

Whenever the contract/project involves construction work that is valued in excess of \$2,000, Davis-Bacon rates will be applicable. If CDBG funds finance only a portion of a construction work, DBRA and Federal labor standards are applicable to the *entire* construction work.

D. FEDERAL LABOR STANDARDS

Prior to requesting any proposals or sending out bid packets, the Contractor must meet with City staff to determine if Davis-Bacon and/or Section 3 will apply to the Project. If either or both apply, the following checklist outlines the documentation needed in each proposal or bid packet sent to prospective contractors. In addition, prior to signing a contract, each selected contractor's eligibility to work on Federal projects must be determined by City staff to make sure they are not on the "debarred contractors' list." Lastly, the selected general contractor must meet with City staff for a Pre-Construction Conference to go over the required documentation needed for certified payroll, pay request, employee interviews, and lien waivers.

E. UNIFORM RELOCATION ACT

Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended (URA) 49 CFR Part 24. The URA protects all persons who are displaced by a federally-assisted project regardless of their income. URA requires relocation assistance be provided to any family, individual, or business that must move as a direct result of rehabilitation, demolition, or acquisition for a project in which federal funds are used. Where possible, projects must be designed to prevent or minimize displacement of tenants. Because federal funds administered by the City are made available through this application, any temporary or permanent displacement of tenants must be handled in accordance with all applicable provisions that cover relocation and acquisition of HUD programs.
