(c) The term "Shelter Rent" shall mean the total of all charges to all tenants of a Project for dwelling rents and nondwelling rents (excluding all other income of such Project), less the cost to the Local Authority of all dwelling and nondwelling utilities.

4. The Municipality agrees that, subsequent to the date of initiation (as defined in the United States Housing Act of 1937, as amended) of each Project and within five years after the completion thereof, or such further period as may be approved by the Government, and in addition to the number of unsafe or insanitary dwelling units which the Municipality is obligated to eliminate as a part of the low-rent housing Project(s) heretofore undertaken by the Local Authority, there has been or will be elimination (as approved by the Government) by demolition, condemnation, effective closing, or compulsory repair or improvement, of unsafe or insanitary dwelling units situated in the locality or metropolitan area in which such Project is located, substantially equal in number to the number of newly constructed dwelling units provided by such Project; Provided, That, where more than one family is living in an unsafe or insanitary dwelling unit, the elimination of such unit shall count as the elimination of units equal to the number of families accommodated therein; and Provided, further, That this paragraph 4 shall not apply in the case of (i) any Project developed on the site of a Slum cleared subsequent to July 15, 1949, and that the dwelling units eliminated by the clearance of the site of such Project shall not be counted as elimination for any other Project or any other low-rent housing Project, or (ii) any Project located in a rural non-farm area.

(b) Vacate such streets, roads, and alleys within the area of such Project as may be necessary in the development thereof, and convey without charge to the Local Authority such interest as the Municipality may have in such vacated areas; and, in so far as it is lawfully able to do so without cost or expense to the Local Authority or to the Municipality, cause to be removed from such vacated areas, in so far as it may be necessary, all public or private utility lines and equipment;

(c) In so far as the Municipality may lawfully do so, (i) grant such deviations from the building code of the Municipality as are reasonable and necessary to promote economy and efficiency in the development and administration of such Project, and at the same time safeguard health and safety, and (ii) make such changes in any zoning of the site and surrounding territory of such Project as are reasonable and necessary for the development and protection of such Project and the surrounding territory;

(d) Accept grants of easements necessary for the development of such Project; and

(e) Cooperate with the Local Authority by such other lawful action or ways as the Municipality and the Local Authority may find necessary in connection with the development and administration of such Project.

6. In respect to any Project the Municipality further agrees that within a reasonable time after receipt of a written request therefor from the Local Authority:

(a) It will accept the dedication of all interior streets, roads, alleys, and adjacent sidewalks within the area of such Project, together with all storm and sanitary sewer mains in such dedicated areas, after the Local Authority, at its own expense, has completed the grading, improvement, paving, and installation thereof in accordance with specifications acceptable to the Municipality;

(c) It will provide, or cause to be provided, water mains, and storm and sanitary sewer mains, leading to such Project and serving the bounding streets thereof (in consideration whereof the Local Authority shall pay to the Municipality such amount as would be assessed against the Project site for such work if such site were privately owned).

7. If by reason of the Municipality's failure or refusal to furnish or cause to be furnished any public services or facilities which it has agreed hereunder to furnish or to cause to be furnished to the Local Authority or to the tenants of any Project, the Local Authority incurs any expense to obtain such services or facilities then the Local Authority may deduct the amount of such expense from any Payments in Lieu of Taxes due or to become due to the Municipality in respect to any Project or any other low-rent housing Projects owned or operated by the Local Authority.

8. No Cooperation Agreement heretofore entered into between the Municipality and the Local Authority shall be construed to apply to any Project covered by this Agreement.

9. So long as any contract between the Local Authority and the Government for loans (including preliminary loans) or annual contributions, or both, in connection with any Project remains in force and effect, or so long as any bonds issued in connection with any Project or any monies due to the Government in connection with any Project remain unpaid, this agreement shall not be abrogated, changed, or modified without the consent of the Government. The privileges and obligations of the Municipality hereunder shall remain in full force and effect with respect to each Project so long as the beneficial title to such Project is held by the Local Authority or by any other public body or governmental agency, including the Government, authorized by law to engage in the development or administration of low-rent housing projects. If at any time the beneficial title to, or possession of, any Project is held by such other public body or governmental agency, including the Government, the provisions hereof shall inure to the benefit of and may be enforced by, such other public body or governmental agency, including the Government.

IN WITNESS WHEREOF, the Municipality and the Local Authority have respectively signed this Agreement and caused their seals to be affixed and attested as of the day and year first above written.
