

7778-R14C

RESOLUTION OF INTENT REGARDING
INITIATION OF DESIGN (STEP 2) WORK

Whereas, regulations of the U. S. Environmental Protection Agency for grants for construction of sewage treatment works, 40 CFR 35 E require that design work (preparation of final plans and specifications) not be initiated after November 1, 1974 prior to approval of a facilities plan and require that design work not be initiated after June 30, 1975 prior to approval of a Step 2 grant; therefore be it resolved by the City of Urbana, Illinois that initiation of design work for the Carle Park Segment will be in compliance with said conditions and that it is fully understood that non-compliance with these requirements for prior approval prior to initiation of design work will result in previously incurred costs being ineligible for grant assistance (40 CFR 35.925-18).

Resolved this 3rd day of October, 1977.
