RESOLUTION OF INTENT TO COMPLETE
SEWER SYSTEM REHABILITATION

Whereas, regulations of the U. S. Environmental Protection Agency regarding grants for construction of sewage treatment works, 40 CFR 35 E, require that each sewer collection system discharging to treatment works for which application for Step 2 and Step 3 Grant assistance is made, is not or will not be subject to excessive or possible excessive infiltration/inflow:

Therefore, be it resolved by the City of Urbana, Illinois that, inasmuch as the sewer system evaluation survey of the City of Urbana, Illinois sewer system has been completed by the Urbana and Champaign Sanitary District as further replacement work in the Carle Park Area which must be completed, and inasmuch as some of the replacement work may not be eligible for treatment works grants assistance, the City of Urbana, Illinois herewith provides assurance that the design and construction of the replacement work, shall be completed, in accordance with the following schedule:

<u>Item</u>	<u>Schedule</u>
Design of replacement work	June 1978
Construction of replacement work	August 1980

Resolved this 3rd day of October, 1977.
