Gentlemen:

At the letting held by the Department of Transportation in Springfield on October 10, 1986, your bid in the amount of \$15,890.30 was the low bid submitted on the above designated section.

You are hereby awarded the contract for this work at your bid price. Contract and bond forms will be sent to you under separate cover.

Your attention is called to Article 107.11 of the Standard Specifications for Road and Bridge Construction, adopted October 1, 1983, relative to insurance requirements. It will be necessary that insurance policies meeting these requirements be filed with this Department and approved by the Railroad Company before any work may be undertaken on or near the railroad right of way which will jeopardize railroad property or traffic in any way.

Your attention is called to Article 103.05 of the Standard Specifications for Road and Bridge Construction, adopted October 1, 1983, which provides that the Contract shall be executed by the successful bidder and returned together with the Contract Bond within 15 days after the contract has been mailed to the bidder.

Before starting any work, please arrange to discuss your plans for prosecuting this work with Mr. J. D. Benson, District Engineer, Route 133 West, P. O. Box 610, Paris, Illinois.

Sincerely,

H. R. Hanley
Secretary
