MEMORANDUM

TO: Mayor Diane Wolfe Marlin and Members of the City Council
FROM: John Zeman, City Engineer
DATE: March 15, 2023
RE: SUPPLEMENTAL RESOLUTION FOR IMPROVEMENT UNDER THE ILLINOIS HIGHWAY CODE (STATE MOTOR FUEL TAX FOR SAVANNAH GREEN ALLEYS REHABILITATION CONSTRUCTION)

Introduction

This project will include various pavement reconstruction and pavement patching work related to rehabilitation of the alleys located within the Savannah Green neighborhood, which is roughly bound by Florida Avenue to the south, Rainbow View to the north, Smith Road to the west, and Abercorn Street to the east. Resolution No. 2022-08-061R was passed in August 2022 to appropriate State Motor Fuel Tax (SMFT) funds for the costs of design engineering, construction, and construction engineering for this project according to the budget in the Fiscal Year 2023 to 2027 Capital Improvement Plan (FY 23-27 CIP).

Our consultant has completed pre-final bid documents for this project. We plan to advertise this project to bidders in April 2023 and open bids in early May 2023. The proposed supplemental resolution is intended to provide a 10% contingency that will allow the City to transfer additional funds to the project if required by unanticipated changes during construction.

Financial Impact

All costs will be funded with SMFT per the FY 23-27 CIP. The budget for engineering services and construction is \$1,950,000, and the same amount was appropriated with the original resolution. To allow for a 10% contingency, the proposed supplemental resolution will appropriate an additional \$200,000.

Recommendation

Staff recommends that the attached Supplemental Resolution for Improvement under the Illinois Highway Code be approved for the amount of \$200,000 for the Savannah Green Alleys Rehabilitation Project.
