Attachment A Scope of Services

Section 1. Summary

Project Summary

ACCESS IMC will add an enclosed community meeting space with A/V technology and an optional kitchenette and will also fund key safety and accessibility improvements. Safety and accessibility improvements include ensuring accessible bathroom access, improving ramp entrances, and covering asbestos flooring in the basement. In line with existing IMC policies, these spaces will be available for free or at cost to residents and visitors of Urbana through its easy online, phone, or in-person reservation process. ACCESS IMC will prioritize space for youth programming and anticipate youth users in the design by including key features like media-sharing tools, food preparation space and access for youth with disabilities.

Key Objectives and Measurable Outcomes

- Completion of building improvements
 - Meeting space with optional kitchenette construction (given budget constraints)
 - Accessibility improvements
 - Asbestos covering
- Number of programs/reservations in renovated space

Project Start Date: 4/1/2023

Project Completion Date: 12/31/2026

ARPA Funding

\$75,000

Changes from submitted application, and project specific conditions, if any

The award provided is approximately 50% of the amount requested in the application. This difference will be accounted for by elimination of outreach position specific to the grant, reduction of technology and kitchen equipment costs, and reduction of funds for widening/beautifying the accessible entrances.

The recipient has requested that funds be provided in an alternate structure to quarterly reimbursements, for the following reason –

IMC anticipates cash flow will be tight as IMC will be launching the ACCESS IMC project alongside several other capital projects. Therefore, IMC is requesting upfront funding. IMC understands that advance funding is contingent on timely reporting, submission of proof of payment, and other documentation as requested in the contract.

**Attachment A
Scope of Services**

IMC understands that all grant funds, once received, must be deposited into an interest-bearing account. IMC further understands that additional funds will be reimbursed based on submission of financial reports.

IMC is committed to tracking our spending per the City of Urbana’s and US Department of Treasury’s stipulations.

These funds may be provided as a quarterly advance. Contingent upon the recipient meeting the following criteria, these advance payments will be made according to the schedule outlined in the Project Budget and Anticipated Timeline table. Recipient must –

- Demonstrate the capacity to provide the project being funded (including project staffing secured, quotes secured for goods and services, or other documentation as specified by the City of Urbana),
- Have submitted all relevant reporting information to date, and
- Demonstrate that it has spent no less than 75% of the ARPA funds it has received thus far.
